

**REQUEST FOR PROPOSAL (RFP) NO. 18-008
Water and Wastewater Treatment Chemicals**

Addendum No. 7
Fort Detrick Specifications Revisions

This Addendum No. 7 revises the chemical requirements for Fort Detrick in Section V of RFP #18-008, as follows:

1. The following bullets of the chemical requirements are revised as follows:
 - **Be able to deliver chemicals within a 12-hour window after phone call, unless otherwise mutually agreed to by the Contractor and agency.**
 - **Be within a 3-hour driving radius of Fort Detrick's Wastewater Treatment Plant and be able to provide deliveries on a scheduled weekly basis, unless otherwise mutually agreed to by the Contractor and agency."**

All other terms and conditions of the RFP remain unchanged.
