COG provides a focus for action on issues of regional concern, including coordinating public safety programs for the region. COG is supported by financial contributions from its participating local governments, federal and state government grants and contracts, and through donations from foundations and the private sector. More information on COG may be found at www.mwcog.org.

III. DEFINITIONS

- A. Throughout this Request for Proposals (“RFP”), the following definitions shall hold:
1. *Contracting Officer*. The Executive Director of the Metropolitan Washington Council of Governments or their designee.
 2. *Contractor*. An individual or organization awarded a prime contract based on this solicitation.
 3. *Electronic Payment*. The payment of money to a vendor by electronic means, including by means of a purchase card (P-card) or Automated Clearing House (ACH) funds transfer method.

 5. *Technical Selection Committee*. The Committee established to review proposals received in response to this solicitation and which recommends selection of contractors to the COG Contracting Officer.

IV. BACKGROUND

- A. COG's Department of Information Technology is responsible for supporting staff's IT needs and for maintaining and improving the agency's information technology infrastructure and systems. COG's IT operations include network services, cloud services, cyber security services, and helpdesk support.
- B. The National Capital Regional Network ("NCRNet") SharePoint Portal is a secure and access-restricted portal that serves as a document repository for various local governments in the COG region. The portal consists of 75-100 sites, has over 2,000 users, and supports over 75 committees across the region. The portal is hosted on Microsoft Azure cloud and has several servers including one SharePoint 2016 On Premise Classic server installation and others supporting the portal's setup. The portal has no custom coding and is deployed with only out-of-the-box SharePoint functionality. Users use their employee-issued credentials to access the portal and are authenticated through an Identity and Access Management System ("IAMS") integration arrangement among the various partner organizations that have access to the portal. IAMS is maintained by the Fairfax County government.

V. OBJECTIVE

- A. COG has a requirement for a Contractor to migrate the current portal, which is self-hosted on SharePoint 2016, to the SharePoint for Office 365 platform. The migration is necessary for the following reasons:
 1. The current SharePoint 2016 deployment is outdated in terms of functionality and features.
 2. The current SharePoint 2016 deployment requires significant level-of-effort in maintenance and upgrade.
 3. The current SharePoint 2016 deployment requires establishing a unique account for each user access.
 4. The current SharePoint 2016 deployment requires using Microsoft Internet Explorer browser only to access certain Microsoft documents.
 5. The current SharePoint 2016 deployment does not have email integration.

VI. SCOPE OF WORK

- A. The contractor will migrate all information and settings from the current SharePoint 2016 portal to a new SharePoint for Office 365 platform. The following Azure hosting resources will be migrated or included in the migration:
 - 1 Microsoft SQL Database Server
 - 1 SharePoint 2016 Server
 - 1 Domain Controller
 - 1 IAMS Single-Sign-On Server
- B. The current SharePoint 2016 portal contains 1.3 Terabytes of data.

C. The primary tasks of the project are:

1. Conduct a discovery to determine content to be migrated, architecture, and configuration for the current portal;
2. Develop a solution for streamlining user onboarding for sites hosted in the portal based on AzureAD Groups, working with the IAMS team to handle SSO and account provisioning into AzureAD and the appropriate groups for each site;
3. Provide recommendation on SharePoint Office 365 licensing options;
4. Provision and configure the SharePoint Office 365 environment;
5. Migrate data and documents from the current SharePoint 2016 portal to the new SharePoint Office 365 environment;
6. Configure SharePoint Office 365 environment's AzureAD to work with the IAMS team for SSO and guest account provisioning;
7. Ensure browser-independent access to the SharePoint 365 portal;
8. Conduct post-deployment testing;
9. Conduct post-deployment training on new features;
10. Provide documentation.

D. Deliverables shall be:

1. A new NCRNet SharePoint portal hosted on Office 365 (with all previous information migrated);
2. Integration with the IAMS SSO system;
3. Relevant documentation and training for COG staff.

VII. PERIOD OF PERFORMANCE / PROJECT TIMELINE

- A. The period of performance shall commence upon execution of an awarded contract, with all migration, training, and documentation expected to be implemented and completed within six (6) months of the kickoff meeting.

VIII. PRICES/BILLING

- A. Unless stated otherwise below, all prices offered by Proposers shall be firm against any increase for the duration of the initial contract period.
- B. Delivery charges, fees, insurance, expenses, and/or overhead shall be included in the total price.
- C. Contractor shall set up its billing system to ensure that invoices do not include sales tax. COG, and any other using Agencies, will provide certificates of exemption for sales tax upon request.

D. Payments shall be made via Electronic Payment, as defined above.

IX. DISADVANTAGED BUSINESS ENTERPRISE (DBE)

- A. Disadvantaged Business Enterprise (“DBE”) participation shall be an integral component of the Contractor selection process for this RFP. COG's DBE Policy may be viewed on its website www.mwcog.org. Responding firms shall submit with their proposals a DBE Participation Plan to meet this goal. The plan shall identify any DBE (defined in 49 CFR Part 26) that shall be participating in the project. The plan shall include the name and address of the participating firm, a **copy of the firm's current DBE Certification** from any federal, state, or local government agency that certifies DBE ownership (please note only **DBE** certifications will be accepted by COG for this purpose).
- B. COG, in accordance with Title VI of the Civil Rights Act of 1964 and 78 Stat. 252, 42 USC 2000 d – 42 and Title 49, Code of Federal Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered pursuant to this advertisement will afford minority business enterprises full opportunity to submit bids in response to this invitation, and will not discriminate on the grounds of race, color, sex, or national origin in consideration for an award.
- C. **DBE Assurance** – The Contractor or Subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of USDOT assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate.
- D. A total of 15 possible points (out of a maximum of 100 points) may be awarded for DBE participation, as measured in dollars, either as the Contractor or "Subcontractor". In the event of a tie score between 2 or more proposals, the proposal with the largest percentage of DBE participation, as measured in dollars, will be awarded the contract. DBE points are to be awarded as follows:

<u>PARTICIPATION POINTS</u>	
10% to 14%	3
15% to 19%	6
20% to 24%	9
