

ADDENDUM 1
August 30, 2022

Questions/Answers

1. a. Can you please provide a list of any party that ask questions and post it as an addendum so DBEs have an opportunity to contact the Primes that might bid on this RFP?
All questions are answered and posted as Addenda on COG's (www.mwcog.org) and the MAPT (<https://mwcog.net/main/homePage.php>) respective websites. The Addenda are available to all interested parties without the names of the requesting parties. We do not release the names of potential proposers in advance of the submissions.
- b. Can you please share my information with any Prime that ask about an DBE?
At receipt of the question COG cannot determine if the requestor is a Prime or subcontractor. We do not provide potential DBE's to any proposers. It is up to each prime proposer to recruit and designate their DBE's.
- a. Is there an incumbent?
There is no incumbent. The focus groups/related research is new.
- d. Is either my MDOT MBE/DBE or MWAA-LDBE certificate valid for this RFP as an DBE?
The Certification needs to be Disadvantage Business Enterprise (DBE). That is the only designation that it is acceptable. Standalone MBE's, SWaM and other certifications are not accepted. Other State and region's DBE certifications are also valid. Copies of the active certifications mut be submitted with the proposal.
