

**ADDENDUM 3**  
**September 26, 2022**

**Questions/Answers**

1. Are the 3-5 webinars part of questionnaire development and focus group planning OR are they webinars following the focus groups to discuss findings?

**Those are an estimated number of sessions for planning the focus groups. We also have included a presentation of the focus group findings to the CEC in the RFP IV. SCOPE OF WORK F. PROJECT TIMELINE & BUDGET.**

2. In the section on Insurance, is the required insurance listed there (Section J, page 20) correct? I ask, because:

- \* It doubles the amount of liability insurance you typically require for projects like this
- \* It requires auto insurance even though there's no need to do driving on behalf of COG
- \* It requires cyber insurance even though there is no need to touch the network infrastructure of COG.

**Please state your Exceptions to the terms and conditions, including insurance coverage your response.**
