Lynn Winchell-Mendy, TPB Transportation Planner

Staff will provide a brief overview of the purpose of the Coordinated Plan and introduce themes as a framework for discussion of unmet needs:

- Availability – geographically, days and times of service, number of options for different needs, technologically disadvantaged, etc.
- Awareness – what exists overall and for specific needs, centralized, easy to find (no wrong door), who knows it and is sharing it, formats of information, etc.
- Accessibility - wheelchair accessibility, dependability, the unbanked, traditionally underserved populations, language, those without smart phones/computers, bus stop access/sidewalks, first mile/last mile, etc.

- Affordability – cost, availability of subsidy, funding opportunity, alternatives to Metro Access, etc.
- Other – trained drivers and staff, cleanliness, safety, etc.

Attendees will be randomly assigned to a breakout room where TPB staff will facilitate a recorded discussion of assigned themes for a total of 40 minutes. Any remaining time can be spent on “Other” unmet needs.

Guidelines:

- Allow everyone the opportunity to share
- Address overarching needs and gaps first, then specific needs as time permits
- Populations: older adults, people with disabilities, people with low-income, and other communities that the AFA represents
- There will be opportunity after the meeting to provide input for themes not assigned in your breakout

TPB staff will consolidate the results and send it out for further comment.
