

FOOD AND NUTRITION SERVICE

Partnership Agreement Form

Thank you for becoming an official partner with the
USDA's Food and Nutrition Service!
We appreciate your support in ensuring that people in need
will always have access to healthy food and nutrition education.

Your support as a FNS partner is very important. Here's why:

Our target populations overlap. Many of your clients are eligible for our programs and you reach them in a comfortable and trusted environment. By connecting your clients with our programs, you help us cast a wider net than we could through our own outreach.

You know your communities. By making sure that we partner with organizations with a local footprint, we make sure that we communicate with diverse communities in the right way.

A partnership with FNS ensures that your organization will have the most up-to-date information about nutrition assistance programs and connects you with opportunities to receive newsletters, participate in meetings, and join in on webinars.

FNS can help your organization take advantage of opportunities to leverage Federal funding for activities such as pre-screening, application assistance, producing advertisements for television or print, providing employment and training services, translating outreach materials into other languages, and much more.

There are many ways your organization can work with the Food and Nutrition Service to fight hunger and improve nutrition:

✓ Please check PROGRAM(S) your organization would like to promote in our partnership.

- Supplemental Nutrition Assistance Program (SNAP) (Formerly known as Food Stamps)
- Child and Adult Care Food Program (CACFP)

- The Emergency Food Assistance Program (TEFAP)

✓ Please check ACTIVITIES in which you are interested in participating.
