#### **Executive Summary**

#### Overview

This document summarizes Commuter Connections marketing activity occurring between July and December 2014. Through the regional TDM Mass Marketing effort, Commuter Connections delivers a brand promise as the umbrella solution for commuters seeking alternative transportation options within the Washington region. The use of media and other forms of communication at high reach and frequency levels are used to influence commuters most likely to shift to non-single occupant vehicle (SOV) travel. The regional marketing campaign also aims to encourage continued use of non-SOV modes of commuting.

The Commuter Connections marketing initiative was built on TDM research (demographic, behavioral, and attitudinal aspects of commuters in the Washington region), past campaign experience, and network member feedback. The overall objective of the regional TDM Mass Marketing project is to meet Transportation Emission Reduction Measure impact goals.

The regional TDM Mass Marketing initiative extensively promotes Commuter Connections' Ridematching services and also promotes the Guaranteed Ride Home (GRH) program. Through effective outreach for these programs, the marketing campaign aims to persuade SOV commuters to switch to alternative modes of travel, and current alternative mode users to maintain and increase usage.

The campaign also included the promotion of Car Free Day and 'Pool Rewards. The Car Free Day event is a springboard to sway SOV drivers to try alternate means to commute. On September 22<sup>nd</sup>, and beyond, commuters are encouraged to use alternative forms of transportation, such as public transit, car and vanpools, telework, bicycling, and walking. The purpose of 'Pool Rewards marketing is to convert SOV commuters into carpools or vanpools through monetary incentives.

#### **Mass Marketing Campaign**

The FY2015 first half media campaign promoting Ridesharing and GRH used advertising developed in spring FY2014, in both audio and visual forms. Radio spots are running for a total of thirteen weeks which began in October, alternating weeks between Rideshare and GRH. The Rideshare campaign also includes ads running every other week for a total of seven weeks on television and Pandora (online and mobile platforms). Other components of the Rideshare and GRH campaigns consisted of negotiated free media (value add), donated transit space, direct mail, and earned media. The total cost of the Rideshare media buy was \$285,937.20, and the total cost of the GRH media buy was \$189,133.50.

#### **Value Add Promotions**

Based on paid media, \$203,622 was negotiated at no charge in the form of additional media value. Value add varied from no-charge radio ads and short messages to banner ads on station web sites.

#### **Messaging Strategy**

The TDM Mass Marketing campaign promoted Ridesharing with a focus on the benefits of saving money as well as mileage reduction. Geographic emphasis for Rideshare advertising was placed on middle and outer-ring commuters using music, news, and Hispanic radio stations. The campaign promoted GRH as the icing on the cake/cherry on top after enjoying the benefits of ridesharing. Geographic emphasis for GRH advertising was placed on inner-core commuters, using music, news, and sports radio stations.

#### Car Free Day

Radio, poster, text messages, donated transit space, and earned media were used to promote Car Free Day. Based on paid media, \$11,795 was negotiated at no charge in the form of media and event value add. Sponsorships netted nearly 100 prize donations. Pledges reached 4,656 in 2014, a 13 percent increase over 2013. The total cost of the Car Free Day media buy was \$39,944.45.

# **Bike to Work Day**

An updated logo was created for Bike to Work Day 2015. Sponsorship letters and outreach to previous sponsors and new prospects began in November. The sponsor drive will continue through the end of January 2015. The color selected for 2015 is orange and poster concepts were developed and will be reviewed by the Committee. The registration goal for Bike to Work Day 2015 is 19,000.

#### **'Pool Rewards**

The media campaign for 'Pool Rewards which started in December 2014, will focus on new homeowners, relocated employees, Hispanics audiences, and the military. Advertising includes radio, print ads, and online placements.

# **Employer Recognition Awards**

Winners will be honored at an awards ceremony in June 2015. An application to solicit nominees was created, mailed in early December and also made available online.

#### **Clean Air Partners**

Commuter Connections will provide a sponsorship toward the Clean Air Partners marketing campaign for FY2015.

#### Introduction

The Commuter Connections' marketing initiative for FY2015 was built on the organization's research and campaign experience. The FY2015 Marketing Communications Plan and Schedule, distributed to network members in September 2014, served as a tool to outline marketing plans for FY2015. The strategy behind the FY2015 campaign reflected the state of events for the regions' commuters and built upon research and findings from the following reports:

- FY 2012 Commuter Connections Applicant Database Annual Placement Survey Report
- 2011 Commuter Connections Transportation Emission Reduction (TERM) Analysis Report
- 2013 State of the Commute Survey Report
- 2013 Commuter Connections Guaranteed Ride Home (GRH) program Survey Report
- 2013 Bike To Work Survey TERM Analysis Report

Research, campaign experience, current economic factors and transportation challenges all contributed to the planned strategy for FY2015; to convert single occupant vehicle (SOV) commuters to alternate transportation by raising awareness of Ridesharing coupled with GRH as a commuter safety net.

The first half of the FY2015 Regional Marketing Campaign included the following:

- The continuation of the spring FY2014 marketing campaign that emphasizes the cost savings of ridesharing and reminds commuters that GRH is an added benefit support mechanism.
- The promotion of Car Free Day extended over the weekend leading up to the day of the event to remind commuters to explore alternative transportation options to work, school, or anywhere they need to go.
- Increase awareness of the new mobile friendly website and online Ridematching.
- The promotion of the 'Pool Rewards program through value add messages and a paid media campaign.
- Continue recognizing the 40<sup>th</sup> anniversary of Commuter Connections.
- Newsletters that provide a number of articles on transportation updates and changes that benefit commuters, including infographics for quick glances at commuter statistics.
- A nominations brochure for the Employer Recognition Awards.
- The kick-off of the Bike to Work Day 2015 sponsor drive and development of poster concepts.
- The development of a new umbrella campaign to launch in February 2015.

#### **About Commuter Connections**

Commuter Connections is a regional network of transportation organizations coordinated through the National Capital Region Transportation Planning Board at the Metropolitan Washington Council of Governments (MWCOG). Commuter Connections offers free services to those who work in the Washington metropolitan area. Major services include ridematching for carpools and vanpools, and administration of the GRH program in both Washington and Baltimore. Through its Employer Outreach Representatives, Commuter Connections also helps employers establish commuter benefit programs for their employees, including teleworking.

Organizations represented in the Commuter Connections' Regional TDM Marketing Group include:

Arlington County Commuter Services
Annapolis Regional Transportation

**Management Association** 

Bethesda Transportation Solutions
City of Alexandria Local Motion

#### **Cornerstones of the Marketing Campaign**

The primary products and services featured in the marketing campaign include the GRH and Ridematching programs. Both of these programs are integral to growing the regional database and making it easier for commuters to find and maintain shared ride arrangements. Other areas included in marketing outreach include transit, bicycling and teleworking.

The objectives of the program are to:

- Create a platform which promotes all network products and services individually while reinforcing the support provided by the umbrella program of Commuter Connections.
- Raise awareness of the Commuter Connections network and position it as the region's first resource for alternatives to driving alone.
- Promote Ridematching by maintaining and increasing awareness of shared ride modes, and retain current ridership on these modes; gain new riders; gain new applicants to the regional database.
- Increase the number of applicants in the GRH database by promoting GRH among commuters as a rideshare benefit, eliminating a barrier to using transit, carpooling, vanpooling, bicycling, and walking to work.
- Use special events such as Car Free Day and Bike to Work Day to encourage commuters to become involved, increase commuter participation, and use the occasion to try an alternative form of transportation.
- Expand participation and offerings in existing employer programs; recognize existing employers in the region who have implemented successful employee commute benefit programs; promote and encourage the adoption of SOV commute alternatives.

#### **Brand Character**

Commuter Connections wants to be perceived as a network of organizations working to improve commutes. Through Commuter Connections' online ridematching system, commuters registering for the service will be given direct access to other commuters who are looking to carpool along with an access to commute routes and options. As more people share the ride to work, they collectively affect the commute in a positive manner for the region through less traffic congestion and cleaner air.

# **Car Free Day**

The metropolitan Washington region recorded 4,656 people pledging to "Put It Away" by going Car Free or Car-Lite on Car Free Day, September 22<sup>nd</sup>, as an alternative to solo driving. Pledges increased 13 percent over 2013. Registrants pledged to rely less on their cars by riding the metro, bicycling, carpooling, vanpooling, walking, teleworking or going "car-lite" by carpooling or vanpooling.

#### Highlights of Car Free Day campaign:

- A regional sponsorship declaration, newly developed this year, was created to encourage and clarify sponsorship levels and benefits.
- New 2014 prize sponsors with donations and sponsor level include:
  - Sole' Bicycles Gold
  - See Eyewear; pair of prescription eyeglasses Gold
  - Six Flags; 50 tickets to Fright Fest Gold
  - Walking Role Models; Apple® iPad® mini Gold
  - SweetGreen; \$50 gift card Silver
- Social media played an integral part in the success of this year's Car Free Day, and included Tweets, Facebook posts and promotion on Instagram.

•

# **Media Objectives**

The Car Free Day campaign raised public awareness and increased participation over 2013. Car Free Day challenged drivers to leave their cars home for the day and go car free or car-lite.

In addition to paid media of radio and text messaging, radio events, personality endorsements, posters, bus cards and sides, banner ads, social media, and an earned media effort were created to bring attention to this event and drive the public to <a href="www.carfreemetrodc.org">www.carfreemetrodc.org</a> to make a pledge.

# **Target market:**

• All drivers.

# **Geographic Targeting**

Washington D.C. DMA

Car Free Day Budget	MWCOG Cost	Gross Dollars
Radio Text Messaging	\$39,544.45 \$ 400.00	\$46,524.04 \$ 471.00
Total Budget	\$39,944.45	\$46,995.04

# **Car Free Days Poster**

Messaging requested drivers to "Put It Away" for the day with a call to action to extend going car-lite if it wasn't possible to go car free. A parked car was clipped to a clothes hangar as a fun suggestion to celebrate the day by leaving the car at home. The call to action directed people to carfreedaymetrodc.org to take the pledge and for additional information on special promotions and prize giveaways.

#### Radio

Radio was used to inform the public of Car Free Day and to encourage them to pledge to go car free or car-lite for the day. A diverse set of radio stations was selected for this campaign in order to reach the general driving population of the region. Car Free Day aired on the following:

WTOP (News)
WWDC (DC 101FM, Classic Rock)
WLZL (Spanish)

WWDC's mid-day personality Roche, delivered 3 on-air endorsements, that ran 109 times, plus 10 sponsor reads and social media posts throughout the 3-week campaign to encourage listeners to pledge at <a href="https://www.carfreemetrodc.org">www.carfreemetrodc.org</a> and go car free or car-lite.

WLZL attened an event Sunday, September 21<sup>st</sup>, at the Festival Salvadorenisimo, held at the Montgomery County fairgrounds, where Car Free Day buttons and marketing materials were handed out to attendees. The event was a huge success and the Car Free Day buttons and flyers were very popular with attendees.

WLZL and WTOP provided a combined total of 36 no-charge :30 second spots over the 3-week schedule. WWDC provided banner ads and short reads announcing the sponsors and their prizes. An \$11,795 in value that's 29.53% of the total Car Free Day budget.

A :30 second radio spot was created for Car Free Day to encourage listeners to make the pledge to "Put It Away" on September 22<sup>nd</sup> by going to www.carfreedaymetrodc.org.

# Car Free Day: :30 - Put It Away

Listeners are urged to get more out of life and spend less in traffic. Through the use of light music and "closing the car door" sound effects contrasted to typical morning routine traffic noise, listeners are reminded of all the items they "put away" daily to bring forth the message. They are encouraged to make the pledge to go car free or carlite on September 22.

#### Radio Script

"Put it Away" :30 seconds

You put away the dishes, the laundry, the groceries and even put away savings.

Why not put away your car for Car Free Day and make the air a little cleaner?

So put away some traffic congestion on Monday, September 22nd for World Car Free Day.

Bike, walk, use transit, work from home, or go car-lite and carpool.

Take the pledge at carfreemetrodc.org, and you might win a bicycle, Kindle, or other prizes.

Car Free Day, Monday, September 22.

Take the pledge at carfreemetrodc.org. Sponsored by Commuter Connections.

#### **Text Messages**

When people pledged on carfreemetrodc.org, they could opt-in to receive text messages about the event. a text message was sent August 20<sup>th</sup> to 7,000 cell phone numbers collected from the past three car events to encourage early pledging numbers. Text messaging was then used to remind people who already pledged this year to encourage their friends, family, and co-workers to do so as well.

# **Transit Signage**

Free transit ad space was donated by Arlington County, Fairfax County Connector, Montgomery County Commuter Services, and Metrobus. The use of Quick Response (QR) codes was used on interior cards to allow smartphone users to directly connect to the Car Free Day pledge page via the QR code.

- 45 Arlington Bus Cards
- 28 Fairfax Connector Bus Kings
- 23 Montgomery County Bus Kings
- 9 Montgomery County Bus Tails
- 200 Metrobus Bus Cards

#### **Earned Media**

Media coverage of Car Free Day was through a collaborative media outreach effort with MWCOG Office of Public Affairs.

A steady flow of media releases was designed to keep Car Free Day in the news and build momentum. It began with a calendar listing one month prior to the event and continued with three press releases, each with a different slant for the 2014 event. The team promoted the press releases to newspapers, magazines, radio and televisions, and through social media:

A coordinated media pitching followed distribution of each release, with direct contact with media outlets throughout the region. The publicity team secured interviews and news placements.

As a result of these efforts, the following took place:

- 40 Earned Media placements. See Appendix C, Car Free Days Placements for the full listing.
  - 22 Print/Online
  - 8 Newsletter mentions and calendar listings
  - 2 Radio
  - 2 Television
  - 6 Blogs
- 30 Social Media posts (Facebook, Twitter, Instagram) examples

# **Car Free Day Facebook and Twitter**

A Car Free Day Facebook page was used to keep friends of the event up to date on activities prior to and following the event. Car Free Day was "liked" by over 3,900 Facebook fans.

Twitter was used to follow Car Free Day activities in the region as well as to promote Car Free Day activities and sponsors. Car Free Day had 473 followers on Twitter.

#### **Prizes**

Each person who pledged to go car free or car-lite was entered into a raffle for a chance to win any of the following donated prizes. A press release was sent out about businesses who donated prizes.

- Kindle Fire, courtesy of Tri-County for Southern Maryland
- Solé Custom Bicycle, courtesy of Clear Channel Communications
- Health & Fitness club annual membership, courtesy of Sport & Health
- SmarTrip Cards with \$25 in fare, courtesy of Washington Metropolitan Area Transit Authority

- Free pair of prescription glasses or sunglasses, up to \$350, courtesy of SEEeyewear
- Sweetgreen \$50 giftcard, courtesy of sweetgreen
- Apple® iPad® mini, courtesy of Walking Role Models
- Tickets to Fright Fest, courtesy of Six Flags America

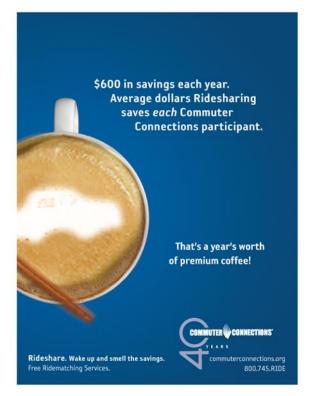

# **Ridematching Campaign**

#### **Messaging Strategy**

The first half of the FY2015 campaign continued using the spring FY2014 campaign promoting ridesharing with a focus on the benefits of saving money and reducing SOV miles. Commuter Connections is positioned as a trusted partner in ridematching. The collective impact of Commuter Connections' 40 years and experience in the region validates the cost savings message, and makes it relatable to everyday life.

Messaging for the Rideshare ads tie in real ridesharing facts, and are presented in a way that's relatable to everyday people. The ads demonstrate a real savings opportunity and the astonishing number of miles reduced by those who already rideshare.

# **Media Objectives: Rideshare**

The fall campaign to promote the Ridematching program is using a mix of traditional approaches to maintain awareness among commuters and increase applications. Geographic emphasis was placed on middle and outer ring commuters. With fewer public transit options, ridesharing is the preferred commute alternative for commuters with longer distance commutes.

# **Target market** (from <u>FY 2012 Commuter Connections Applicant Database Annual Placement</u> Survey Report):

- 25-64 years old (82%)
- Caucasian (69%) and African-American (17%)
- \$80,000+ annual household income (71%)
- Commute of more than 20 miles/30 minutes
- Live in Virginia (60%) or Maryland (36%); work in D.C. (57%) or Virginia (27%)
- Work for employers with 100+ employees (81%), with 1000+ employees (46%)
- Work for federal agencies (67%) and private sector (20%)

# Geographic

Total Budget	\$285,937.70	\$336,398	

#### Radio

Radio is the anchor medium for the Rideshare campaign, with a focus on exurb stations and D.C. news stations. The campaign also reached out to Spanish-speaking commuters.

- WFMD (930 AM News/Talk)
- WFRE (99.9 Country)
- WFLS (93.3 Country)
- WTOP (103.5 News/Talk)
- WLZL El Zol (107.9 Spanish)
- WBQB (101.5 AC)
- WAFY/WWEG (103/106.9 FM, AC/Classic Hits)

The Rideshare radio campaign started in early October and will run through the end of December 2014. The ads will run every other week for a total of seven on air seven weeks, alternating weeks with GRH ads. The following spots are promoting the Ridematching program in both English and Spanish languages:

#### Ridesharing :30 "Dinosaur" English

Dad: Did you know 11 million miles are saved by people who rideshare to work through

Commuter Connections? That's 20 trips to the moon and back!

Kid: Did you know Brachiosaurus ate one ton of leaves every day?

Dad: Now that dinosaur could eat you for breakfast!

Kid: He could eat your carpool friends too. (Kid: TRex imitation)

Dad: Nah, we'd just blast off to the moon. (sfx: psshhh! [blast off sound])

Kid and Dad: (joint laughter)

Announcer: Rideshare and propel your commute.

Commuter Connections. Providing trusted, free ride matching since 1974. Register at Commuter Connections dot org, that's Commuter Connections dot org, or call 800 745 RIDE.

# Ridesharing :30 " Dinosaur" Spanish

Papá: ¿Sabías que las personas que comparten el transporte para ir al trabajo a través

de Commuter Connections ahorran 11 millones de millas de viaje?

Hijo: ¿Y sabías que los braquiosaurios comían una tonelada de hojas al día?

Papá: ¡Ese dinosaurio podría comerte de desayuno! (Papá: imita a TRex)

Hijo: Y de almuerzo se podría comer a las personas con quien compartes el transporte.

(Hijo: imita a TRex)

Hijo y papá: (rien juntos).

Anunciante: Commuter Connections. Cuarenta años conectando gratuitamente a las

personas para ir al trabajo. Commuter Connections punto org o 800 745 7433.

# Ridesharing: :30 "Coffee" English

Guy: Wow I could really use a good cup of coffee right about now!

Female: You say that every day... you must spend a fortune on that stuff!

Guy: Yah. No. Well... Kinda.

Female: What?

Guy: [chuckle] I save \$600 a year Ridesharing through Commuter Connections. That's a

year's worth of premium coffee! I consider it my free pick me up!

Announcer: Rideshare. Wake up and smell the savings.

Commuter Connections. Providing trusted, free ride matching since 1974. Register at Commuter Connections dot org, that's Commuter Connections dot org, or call 800 745

RIDE.

# Ridesharing: :30 "Coffee" Spanish

Hombre: Me caería bien una taza de café en este momento.

Mujer: ¡Debes gastar mucho dinero en café!

Hombre: Bueno...más o menos.

Mujer: ¿Cómo así?

**Hombre:** [risita] Yo ahorro 600 dólares al año compartiendo el transporte a través de Commuter Connections. ¡Eso equivale a un año del mejor café! Y eso para mí, ¡es un

gusto que me doy gratis!

Anunciante: Comparte el transporte. Levántate y disfruta el aroma del ahorro.

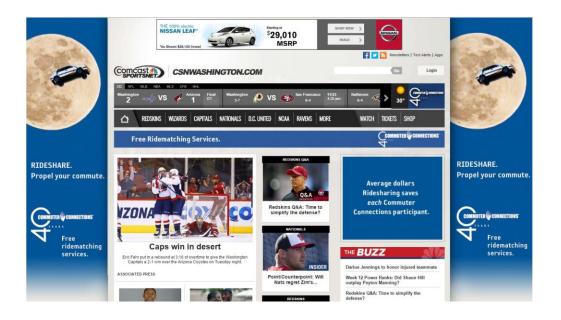

Commuter Connections. Cuarenta años conectando gratuitamente a las personas para

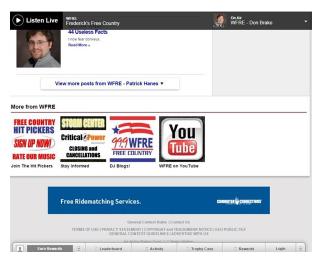

ir al trabajo. Commuter Connections punto org o 800 745 7433.

#### **Value Add**

#### Rideshare

In addition to paid media spots, over \$149,982 (an additional 52%) was negotiated in no charge promotional media value. Radio and TV stations provided bonus spots at no charge, matching spots on Comcast Sports Net's Baltimore feed, and live short messages promoting the new mobile friendly app, and 'Pool Rewards on all radio stations. WFMD and WFRE posted banner ads on their station websites. To date, Commuter Connections has received an estimated 20,460 value add impressions.

#### **Television**

The use of snipes and squeezebacks in selected television programming provided DVR-proof advertising. Snipes appeared at the bottom of television screens during on air programming to promote rideshare. Squeeze-backs surrounded the TV programming. Images and messages that complement the radio spots promoted the cost-savings benefits of ridesharing and free ridematching services of Commuter Connections. Squeezebacks ran in early morning and late news on WJLA (ABC News 7) and snipes on Comcast during Capitals, Wizards, and Redskins programming.

In addition to snipes, Comcast SportsNet posted in-game billboards (on-screen Commuter Connections logo) and :05 second ticker messaging during the Caps and Wizards games during the 11/17, 12/1, 12/15, and 12/29 flight weeks. Comcast also added 125,000 banner ad impressions to the digital campaign.

# **Squeeze-back on WJLA (images animated)**

# **Snipe on Comcast SportsNet (images animated)**

# In-Game Billboards and ticker messages on Comcast SportsNet: Caps & Wizards Games

# **Internet & Mobile/Tablet Advertising**

Mobile/web advertising appeared on Pandora as alternatives to the standard Run-of-Site internet used in the past. Pandora audio and display ads promoted the Commuter Connections Ridematching program offering Commuter Connections the flexibility to target audio ads by age, gender, and county. Thirty-second (:30) audio web and mobile friendly ads for the Rideshare campaign encouraged users to click on the follow-up banner. Various banner ad sizes ran for seven alternating weeks, from October 6<sup>th</sup> through the end of December, with performance monitored and optimized throughout the campaign.

The following placement types were selected on Pandora:

- Web :30 audio and 500x500 companion tile with a standard 300x250 banner
- Mobile :30 audio and 500x500 companion tile with a standard 300x250 banner

The ads displayed Rideshare visuals with a call to action to visit commuterconnections.org.

# Pandora – Audio Mobile Tile and Following Banner (500x500)

# **Guaranteed Ride Home Campaign**

# **Messaging Strategy**

For GRH, the first half of the FY2015 campaign is promoting GRH as the "icing on the cake" after you sign up to rideshare, the reward following a positive action. Your "free" Ridematching just got sweeter now that you've signed up for GRH.

Live :15 second radio reads and recorded :30 second spots reinforced the message that in case of an emergency or a need to stay late at work arises, GRH provides a free guaranteed way to get home.

# **Media Objectives: Guaranteed Ride Home**

The GRH program campaign focuses on raising GRH awareness among commuters and increasing applications for this program. GRH leverages alternative transportation by removing one of the perceived problems: how to get home in case of an unexpected emergency. Geographic emphasis was placed on inner core commuters.

#### Target market

#### 2010 Commuter Connections Guaranteed Ride Home (GRH) program Survey Report:

- 35-54 years old (88%)
- Caucasian (73%) and African-American (20%)
- \$80,000+ annual household income (80%), \$120,000+ annual household income (50%)
- Commute of more than 30 miles/45 minutes (45% of current GRH registrants)
- Live in Virginia (65%) or Maryland (32%) or District of Columbia (1%), with a special emphasis on Prince William (17%) and Fairfax Counties (13%); work in D.C (63%), Maryland (11%) and Virginia (26%)

#### **Geographic Targeting**

Washington D.C. DMA

GRH Fall Budget	MWCOG Cost	<b>Gross Dollars</b>
Radio	\$189,133.50	\$222,510
Total Budget	\$189,133.50	\$222,510

#### Radio

Radio was used exclusively for the GRH campaign. Station types included a mix of sports, news, and music:

- ESPN (980 AM Sports)
- WTOP (103.5 News Talk)
- WBIG (100.3 Oldies/Classic Hits)
- WWDC (DC101.1 Rock)
- WIHT-FM (99.5 Top 40)
- WMZQ (98.7 Country)

The GRH radio campaign started in mid October and will run through the end of December 2014. The ads will run every other week for a total of six on air seven weeks, alternating weeks with Rideshare ads. The following live reads and spots promoted GRH for the first half of FY2015:

# Guaranteed Ride Home: live :15 Toppers 1"

The icing on the cake? You get a Guaranteed Ride Home in case of emergency – if you rideshare. Visit commuterconnections.org to register for the Guaranteed Ride Home program or call 800-745-RIDE. Some restrictions apply.

#### Guaranteed Ride Home: live :15 Toppers 2"

Think of it as the cherry on top: A Guaranteed Ride Home is yours if you rideshare and an emergency comes up where you need to get home. Sign up at commuterconnections.org. That's Commuter Connections dot org or call 800-745-RIDE. Some restrictions apply.

# Guaranteed Ride Home: live :15 Toppers 3"

Top it off: One more easy sign-up step will get you an emergency ride home through the Guaranteed Ride Home program if you rideshare. Visit commuterconnections.org today. Commuter Connections dot org or call 800-745-RIDE. Some restrictions apply.

#### Guaranteed Ride Home :30 "Game"

Guy 1 Great weekend of golf! Birdied two holes... And practicing my speech on my carpool buddies really paid off! The CEO loved it!

Guy 2: Impressive!

Guy 1: Carpool Bob tried to throw me off my game going home sick but SHAZAM! Remembered my Guaranteed Ride Home.

Guy 2. Commuter Connections?

Guy 1: Yup.

Guy 2: Sweet.

Guy 1: Amazing-ly sweet. The cherry on top.... So loving the world right now... even you (both laugh).

Annr: Get a free Guaranteed Ride Home in case of emergency if you rideshare. Register at commuterconnections.org. Some restrictions apply. Commuterconnections.org

# Guaranteed Ride Home: :30 "Birthday"

Woman 1. 'Scuse my giddiness... My husband remembered my birthday... look at this!

Woman 2. Nice!

Woman 1. My carpool did too - cupcakes!

Woman 2. Mmmm...

Woman 1. Then two new clients called to say they were on board!

Woman 2. Wow!

Woman 1. Even when Dom said we had to stay late to finish the contracts, I knew I had a Guaranteed Ride Home.

Woman 2. So, icing on the cake!

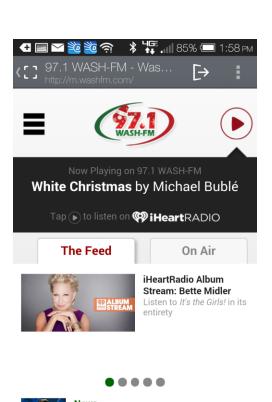

Woman 1. You know it! (laugh (both))

Annr: Get a free Guaranteed Ride Home in case of emergency if you rideshare. Register at commuterconnections.org. Some restrictions apply. Commuterconnections.org

#### **Value Add**

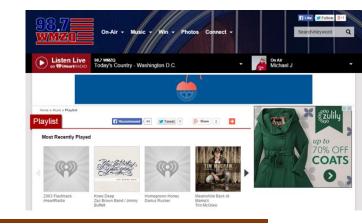

#### **Guaranteed Ride Home**

The value add (no charge) provided by the radio stations during the FY2015 first half campaign which promoted the cost savings benefits of ridesharing and GRH totaled \$56,640, an additional 29.95%. :10, :15, and :30 second promotional spots ran on WTEM and WTOP. DC101, Big 100.3, Hot 99.5, and 98.7 WMZQ posted banner ads on their station websites. To date, Commuter Connections has received an estimated 1,414,038 value add impressions.

Two New Lana Del Rey Songs To Be Featured In Upcoming Tim

# **Spring 2015 Campaign**

#### **Direct Mail**

This first element of FY2015's spring campaign will be delivered to 500,000 households within the metropolitan Washington region in December. The mailers promote the Ridematching and GRH programs and will remind residents that they may be eligible to participate in 'Pool Rewards, and can also receive a \$100 bonus for using 'Pool Rewards in tandem with the new 95 Express Lanes. Recipients are households within the MWCOG footprint, ages 25-54 with annual incomes above \$75,000. Mailers include a postage paid reply mechanism containing a Ridematching and GRH application form. Commuters are also encouraged to go online to commuterconnections.org. Additional information on other options such as transit, SmartCard, bicycling, telework, HOV Lanes etc. can also be requested. Total Cost including printing, mailing list purchase and postage is \$87,500.

#### **Rideshare Mailer**

# **Guaranteed Ride Home Mailer**

# **Bike to Work Day**

# **Sponsorship Drive**

Commuter Connections began its annual sponsorship drive in November 2014 for its Bike to Work Day Sponsorship Drive. Letters were sent and phone calls were made to past sponsors and prospective sponsors. Commuter Connections has secured a total of six sponsors, to date totaling \$15,000. The Sponsorship Drive is open until the end of January 2015.

# **Employer Recognition Awards**

The Employer awards program recognizes employers who voluntarily initiate worksite commute programs to assist their employees. Winners and nominees will be honored at an awards ceremony in June 2015. A nomination brochure for the 2015 awards was developed and distributed during the first week of December. The application form was also made available online.

#### 'Pool Rewards

#### **Fall Campaign Value Add**

'Pool Rewards is being promoted throughout the fall campaign using value add opportunities. A combination of messages promoted the benefits and cost-savings of the 'Pool Rewards ridesharing incentive program, and an additional \$100 incentive (per carpooler) when using the new 95 Express Lanes scheduled to open in mid-December 2014.

# **Media Objectives**

A media buy is being planned and implemented for 'Pool Rewards starting in December 2014 through January 2015. The buy will focus on federal workers, Hispanics, and military base personnel.

#### **Message Strategy**

Paid spots will air on alternate weeks, in December 2014 and on consecutive weeks during January 2015. Radio ads will air on WFED (Federal News Radio) and Spanish ads on El Zol in order to diversify outreach. Ads encourage commuters to find a friend or co-worker to start a carpool/vanpool and save. Listeners are asked to visit commuterconnections.org or call 800.745.RIDE to get more information or for help in finding a ride match.

# **Geographic Targeting**

Washington D.C. DMA

'Pool Rewards Fall	MWCOG	<b>Gross Dollars</b>
Budget	Cost	
Radio	\$15,765.80	\$18,548
Print	\$ 4,296.73	\$ 5,055
Total Budget	\$20,062.53	\$23,603

## Additional Marketing, Outreach, and Earned Media

#### Commuter Connections Newsletter and Federal ETC Insert

Summer and fall editions of the Commuter Connections Newsletter were produced during the first half of FY2015. The six page 4-color newsletters are produced and distributed quarterly to approximately 8,000 employers and stakeholders. It is also placed in .pdf format on the Commuter Connections web site. Newsletters with a Black & White federal ETC insert were distributed in PDF form to federal Employee Transportation Coordinators via GSA and also placed online at <a href="https://www.federaletc.org">www.federaletc.org</a>.

#### Fall 2014 Newsletter and Federal ETC Insert

#### **NEW EMPLOYER CASE STUDIES**

Every day, employers like you rely on Commuter Connections for free guidance and support to start, or enhance commuter programs at the workplace. They count on the unmatched reputation of Commuter Connections because our free services enrich the quality of life for employees, increasing recruitment and retention, and ultimately improving your company's bottom line.

Over the years, our experience has found that one of the most effective tools we have is to share success stories of other Washington metropolitan region employer commute benefit programs. Because what works for another employer might be beneficial for your company as well.

Working with Commuter Connections is advantageous to you as we talk to a lot of employers to gather and share tips on what works, and what doesn't, to make your employees' commuting lives better.

Reducing traffic congestion and improving employee commutes, is good for everybody!

One of the ways Commuter Connections shares such information is through employer case studies focusing on a wide variety of individual programs. We put together short briefs that highlight what your fellow employers are doing.

A newly issued Commuter Connections case study is on Lockheed Martin Federal Systems, a government contractor with many employment sites throughout the DC region, providing technical, serospace, and security support to federal agencies. More than 1,500 employees work at Lockheed's campos within the Prince William technology corridor in Manassas, Virginia.

That's a lot of people trying to get in and out of one place at the same time. The Manassas campus has few transit options and limited parking for their ever growing workforce. That amounts to traffic congestion and stressed commuters.

# FEDERAL ETC UPDATES

Employee Transportation Coordinator

#### FORT BELVOIR IMPROVES TRAFFIC FOR NEIGHBORS

Since the 2005 Base Realignment and Closure Project (BRAC) the number of workers, and the number of cars, have grown exponentially around Fort Belvoir.

One of the consequences of the BRAC influenced traffic has been a strain on the relationship between the post and its neighbors. With about 80,000 cars driving in and out of the installation's main post each day, milliary officials are trying to become better neighbors to people in the area. A new road, a Boute 1 widening project, and a proposal to open the failifys giff cross, and fields could go a long way to living in harmony with the general public.

Army officials are working on a number of initiatives that would open Fort Bekon's gates to the public, or at least make life easier around the main post. Since the 2005 BBAC effort, the number of morkers there and at three nearby, affiliated military installations has soared by 60 percent to just over \$1,000 — more than twice as many emolovees as at the Pertation.

According to a congressional study, the Pentagon's decision to add tens of thousands of commuters to the region has caused some of the most congested roads in the nation. In response to this congestion, the Department of Defense has declared \$1.80 million toward a Route 1 road-widening project that began this past spring.

The planned road improvements – which also include expanding the Interstate 395 ramp near another of the realigned military sites – should dramatically ease traffic in the corridor. The Route 1 expansion will include a center median that could later be used for

commuter bus service or train service — and, possibly, safer places for pedestrians to cross.

"We recognize that we're part of a community," said Col. Gregory Gadson, Fort Belvoir's commanding officer. "We're not this distinct entity by ourselves. in isolation."

As part of their effort to improve traffic around Fort Belvoir, the post's Transportation Demand Management (TDM) coordination office produces a "Commuter Resources Guide" that lists Fort Belvoir's Rideshare Mission and Objective as:

To reduce the number of single occupancy vehicles entering the post

To increase the use of telework

To increase the use of telework
To increase the number of employees ridesharing
To promote the use of alternative work schedule options

To promote the use of alternative work schedule options

Through their website www.belvoir.army.mil/rideshare, the TDM

coordination office offers information on:

Ridesharing Transit Benefits Carpool and Vanpool Agencies Local Transit Services Telework and Telecommuting Current Traffic Information Local Schedules and Maps

Lontinued on bar

#### **Clean Air Partners**

Commuter Connections provided a sponsorship toward the Clean Air Partners marketing campaign for FY2015\*. The campaign is looking to meet or exceed last year's regional in-kind monetary donation for transit advertising. The marketing campaign will include radio, online advertising, transit, media outreach, and social media. The radio spots will feature AirAlert subscribers speaking about how Clean Air Partners benefits their lives.

\*Commuter Connections dollars spent were from the previous fiscal year.

#### #95CarPoolContest Promo

Commuter Connections and Trans Urban 95 Express Lanes teamed up during the fall to reward a \$500 gas gift card to Washington region commuters who posted the phrase #95carpoolcontest to the Commuter Connections facebook page along with a photo of themselves and carpool members with the E-ZPass Flex between October 1 – 31st. Entries were collected from Twitter, Facebook, and Instagram, and had to include the hashtag #95carpoolcontest with a photo.
