# Commute Your Way!

**VANPOOL OPEN HOUSE:** Tuesday, November 15

Vanpooling is a reliable and cost-effective choice for those who live 15+ miles from work and maintain a consistent schedule. Similar to a carpool, vanpoolers share the driving, but save money by traveling in groups of seven to 15 in leased vans, minivans or SUVs.

**JAY** meets his vanpool at the Park & Ride and then reads or relaxes in his reserved seat.

**NAOMI** appreciates driving a new, comfortable and well-maintained minivan rather than adding miles to her car.

**STEVE** knows he can rely on the Commuter Connections Guaranteed Ride Home if there's ever a family emergency.

**MELISSA** schedules the oil changes and keeps notes on who's driving. As a coordinator she submits a quick report and saves her group \$200 a month.

**SHARON** taps into her employer's transportation fringe benefit for her vanpool. She loves her stress-free commute.

**BILL** is thrilled to have a direct route to work with minimal stops. He drives in the HOV lanes to avoid delays.
