Community Forestry Forum

Lyme Disease & Tick-Borne Illnesses: A Silent Pandemic

A Technical Seminar

Presentations and Discussion with Nationally Recognized Medical Practitioners

Monday June 1st, 2015

10:00 a.m. to 4:00 p.m.

This CFN Forum will focus on a daily threat to foresters, horticultural professionals and other field personnel; tick-borne diseases. Two nationally recognized experts in the field will help you and your colleagues better understand how to identify and seek treatment for Lyme and other tick-borne illnesses.

*Hosted by COG's Community Forestry Network (CFN)
Sponsored by the Metropolitan Washington Council of Governments*
