INFORMATIONAL ITEMS

1:25 P.M. 10. VISUALIZE 2050: BRIEFING ON PROJECT INPUTS AND DRAFT SCOPE OF WORK FOR THE AIR QUALITY CONFORMITY ANALYSIS FOR THE VISUALIZE 2050 NATIONAL CAPITAL REGION TRANSPORTATION PLAN AND THE FY 2026-2029 TRANSPORTATION IMPROVEMENT PROGRAM (TIP), AND WORK SESSION RECAP

Cristina Finch, TPB Transportation Planner

The TPB's National Capital Region Transportation Plan, Visualize 2050, and FY 2026-2029 Transportation Improvement Program are under development. They are scheduled to be reviewed and approved by federal agencies following the TPB's schedule which was set for board approval in June 2025. Given the federal status of the TPB's planning area (designated as "non-attainment" of the federal 2015 Ozone Standard), the projects proposed to be included in the Visualize 2050 financial plan and TIP must undergo a regional air quality conformity determination analysis. The current milestone in this process is to approve the technical inputs for inclusion in the Visualize 2050 Air Quality Conformity (AQC) process, and to approve the AQC Analysis Scope of Work. The 30-day public comment on the inputs and scope will end on March 30, 2024. Staff will review the inputs and scope with the board, which the TPB will be asked to approve in May. In addition, staff will provide a recap of the work session scheduled to occur just prior to the TPB meeting, noting highlights from the discussion.

2:00 P.M. 11. ADJOURN

The next meeting is scheduled for April 17, 2024.
