

Community Forestry Forum

Tree Risk Assessment Techniques

A Hands-On Session to Examine Current Techniques

*Hosted by COG's Community Forestry Network (CFN)
Sponsored by the Metropolitan Washington Council of Governments
and the
Maryland Department of Natural Resources – Forest Service*

Friday June 10th, 2011

10:00 to 200 p.m.

**Metropolitan Washington Council of Governments
Training Center – 1st Floor**

Lunch will be provided for all attendees

Agenda

10:00 - Call to order / Opening Remarks - Brian LeCouteur - COG

10:05 - Todd Bolton, City of Takoma Park / Wayne Noll - City of Rockville - will present an overview of the tree risk assessment technique developed by the Pacific Northwest Chapter of the ISA: Tree Risk Assessment Course and Exam (TRACE). In their presentation, they will contrast other tree risk techniques to highlight the differences in risk assessment methodologies. Their presentation will be followed by a short field walk to inspect street / park trees nearby.

Mr. Bolton and Mr. Noll are both certified by the Pacific Northwest ISA in tree risk assessment.

11:15 - Field investigations to examine nearby trees to perform an assessment.

12:15 - Lunch

1:15 - Wayne Noll - City of Rockville & MAC-ISA Board Member - will present current certification opportunities with ISA and answer questions about each.

2:00 - Adjourn
