Dear Mr. Kirby

As part of our continuous effort to have in our possession the latest MWCOG's highway and transit models for internal usage and distribution to jurisdictions and consultants, we need your help in providing Version 2.1 D (Draft #50) model for the years 1994, 2000, and 2030.

We request that the following items be included in the package

1. Highway and transit networks, input, control, support and Version 2.1 D TP<sup>1</sup> script files and software to run the demographic sub-models and accomplish trip generation, trip distribution, mode choice, and trip assignment for the three time periods for the simulation years of 1994, 2000, and 2030.
2. Appropriate flow charts and supporting documentation.

Please send your cost estimate to Mr. Bob McDonald for approval to incur charges to the Virginia Technical Assistance Account. We thank you in advance for your expeditious response in fulfilling the above request. Please do not hesitate to contact me at (703) 383-2214 for any questions regarding this request.

Sincerely,
