On May 26th, the TPB hosted an event to address the CAC’s recommendation that the TPB should develop a regional transportation priorities plan. This event, which was called a “Conversation,” convened members of the TPB, the CAC, the Access for All Committee, and the TPB Technical Committee. At the CAC June meeting, committee members will have a chance to review the summary report from the Conversation and discuss next steps.

Last year, the Council of Governments approved *Region Forward*, a report developed through the Greater Washington 2050 initiative. This document established goals, targets, and a compact agreement to guide future planning. At the CAC June meeting, COG staff will describe follow-on activities from *Region Forward*. Among other things, the document is likely to form the basis for a COG grant proposal to the US Department of Housing and Urban Development (HUD) under the Sustainable Planning Grants Program. Information about *Region Forward* can be found at www.greaterwashington2050.org.
- 7:55 – 8:00** **New Business and Adjournment**
