

HYDROGEN WORKSHOP

May 23, 2006 ■ 9 am - 3 pm

sponsored by the Metropolitan Washington Council of Governments
& National Hydrogen Association
777 North Capitol St., NE, Washington, DC ■ COG Board Room, Third Floor

The Purpose:

- Provide a basic understanding of hydrogen as a fuel, its uses and applications
- Explore currently available products and expectations for future products
- Evaluate the wide range of Federal, regional and state initiatives to develop the "hydrogen economy"
- Evaluate specific initiatives being undertaken in the Mid-Atlantic Region

Includes a specific education program element for fleet operators!

To register, contact: Leslie Pugh at lpugh@mwkog.org.
To register online, visit: <http://mwkog.org/calendar/>
