

# What if . . . the Washington region grew differently?

*A public forum on alternative land-use and transportation scenarios*

*Wednesday, November 16, 2005 — 7:30 to 9 pm  
Piney Branch Elementary School  
7510 Maple Avenue, Takoma Park, MD*

**What if** people lived closer to their jobs?

**What if** people lived and worked closer to transit?

**What if** new roads and transit were built?

**How would travel conditions change?**

On the evening of November 16, citizens will have a chance to learn how different patterns of growth might affect driving, congestion, and transit use in the Washington region.

Montgomery County Council Member Michael Knapp and Takoma Park Mayor Kathy Porter will be on hand, along with other county and state representatives, to discuss the alternative possibilities.

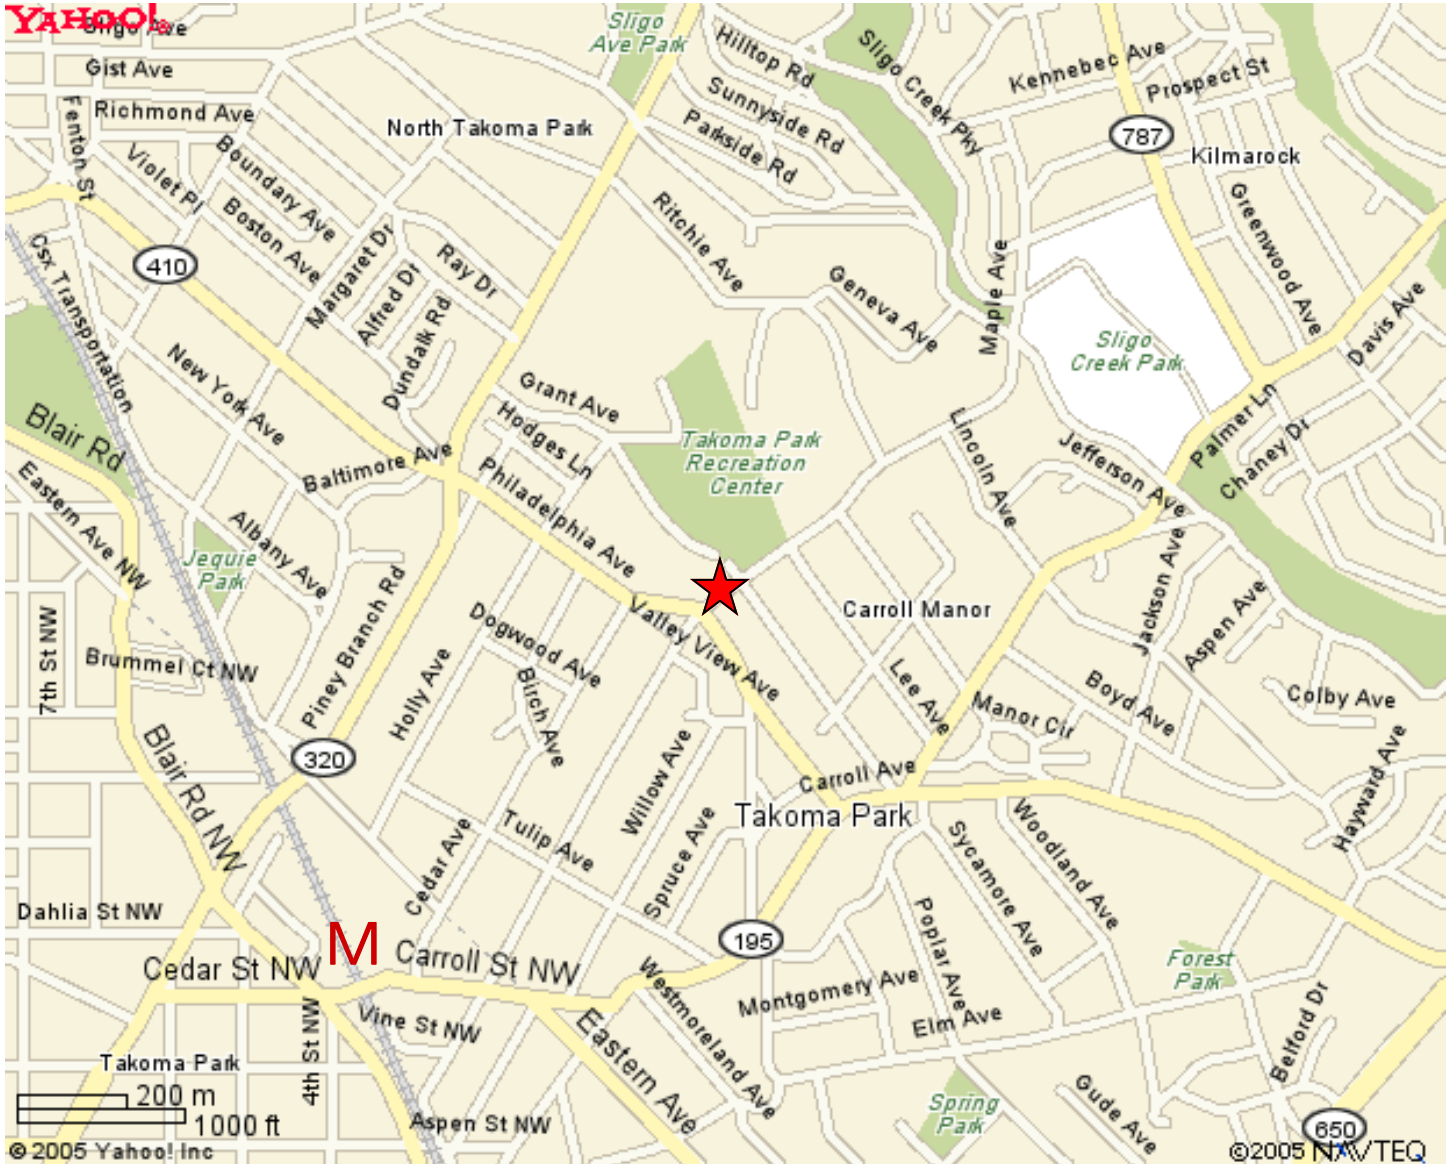

*The meeting will be hosted by the National Capital Region Transportation Planning Board's Citizen Advisory Committee.*

*For more information, please contact TPB staff member John Swanson at 202-962-3295.*

*Directions on reverse*

# *Piney Branch Elementary School 7510 Maple Avenue, Takoma Park, MD*

*Piney Branch Elementary School is less than a mile from the Takoma Metrorail Station, which is on the Red Line. From the station, you can take Ride-On Bus 25 to a point on Maple Avenue between Grant Avenue and Lee Avenue.*
