SYSTEMS PERFORMANCE, OPERATIONS, AND TECHNOLOGY SUBCOMMITTEE (SPOTS) 2019 NATIONAL CAPITOL REGION OUTREACH TOUR

One of the goals of TPB staff for 2019 is enhancing regional participation in our various committee activities, as such we are ramping up our outreach efforts and making TPB staff available for in house meetings with member agencies. We want to know how we can strengthen our ties and better serve our members, regional partners and their respective jurisdictions and communities. Throughout the year we plan on visiting member agencies to gain insight on diverse industry issues of regional importance and to share current focuses of the TPB and the ongoing activities of its staff.

We are hoping to arrange a sit-down with member agency staff at their offices to open this dialogue up. We are planning on coming to you instead of you having to come to us. These meetings are not expected to take up more than about an hour of your time, unless you have a lot to tell us. If you have a time that works best for your agency feel free to reach to us.
