will contribute to the health, welfare, and safety of residents of the District, are in the public 8  
interest, and will accomplish the purposes and intent of section 490 of the Home Rule Act. 9

TITLE II. BOND FINANCING. 10

Sec. 201. Establishment of the Special Energy Assessment Fund. 11

(a) (1) There is established as a nonlapsing fund the Special Energy Assessment Fund. 12

receipts of the principal and interest portion of each Special Assessment into the Special Energy 17  
Assessment Bond Debt Service Account applicable to the series of bonds secured by the 18  
payment of that Special Assessment, and the Chief Financial Officer shall pay, or direct the 19  
payment of, the receipt of the administrative costs portion of each Special Assessment into the 20

**ENGROSSED ORIGINAL**

Special Energy Assessment Program Administrative Account. The Mayor shall pledge and 1  
create a security interest in the special assessment revenues and all other funds deposited in each 2  
Special Energy Assessment Bonds Debt Service Account to pay the Debt Service on the 3  
applicable series of bonds issued by the District pursuant to this act without further action by the 4  
Council as permitted by section 490(f) of the Home Rule Act. The Chief Financial Officer shall 5  
pay from the Special Energy Assessment Program Administrative Account the annual costs of 6  
administering the collection and maintenance of the Special Assessment and the annual costs of 7  
administering the Energy Efficiency Loan program authorized by Title III. Except for any 8  
amounts specifically authorized by the Council, all Debt Service and administrative costs shall 9  
be paid only from receipts from the Special Assessments. 10

(2) Except as provided by subsection (c) of this section, all funds deposited into 11  
the Special Energy Assessment Fund, and any interest earned thereon, shall not revert to the 12  
unrestricted fund balance of the General Fund of the District of Columbia at the end of the fiscal 13  
year, or at any other time, but shall be continually available for the uses and purposes set forth in 14  
this section without regard to fiscal year limitation, subject to authorization by Congress. 15

(b) Receipt of the principal and interest portion of the Special Assessment and all 16  
amounts deposited in each Special Energy Assessment Bond Debt Service Account, plus all 17  
investments or earnings on those amounts, shall be irrevocably dedicated and pledged to the 18  
payment of the principal of, and interest on, the applicable bonds as provided in this act. Any 19  
escrow or other agreement entered into by the District providing for holding funds for the benefit 20

of the holders of the bonds shall be maintained as long as any of the bonds are outstanding under 1  
the applicable Financing Documents. The administrative costs portion of the Special 2  
Assessment deposited in the Special Energy Assessment Program Administrative Account, plus 3  
all investments or earnings on those amounts, shall be used only for the payment of the costs of 4  
administering the program authorized by Title III. 5

(c) If, at the end of any fiscal year of the District following the issuance of bonds 6  
authorized by this act, the value of cash and investments in a Special Energy Assessment Bond 7  
Debt Service Account exceeds the amount of all payments authorized by this act and the 8  
Financing Documents applicable to that series of bonds, including required deposits into reserve 9  
funds, amounts to be set aside for additional series of bonds issued under this act, and any 10  
coverage requirements associated with the sale of the bonds, during the upcoming fiscal year, the 11  
excess shall be transferred to the General Fund of the District of Columbia, unless the District 12  
elects to use the excess to redeem that series of bonds prior to maturity. Amounts deposited in 13  
the Special Energy Assessment Program Administrative Account shall remain in, and shall be 14  
used for the purposes of, that account. 15

Sec. 202. Bond authorization. 16

(a) The Council approves and authorizes the issuance of one or more series of bonds in 17  
an aggregate principal amount not to exceed \$250 million. The bonds, which may be issued at 18  
any time and from time to time, in one or more series, shall be tax-exempt or taxable as the 19  
Mayor shall determine and shall be payable and secured as provided in section 203. 20

(b) The Mayor is authorized to pay from the proceeds of the bonds the financing costs and expenses of issuing and delivering the bonds, including underwriting fees, legal fees, accounting fees, financial advisory fees, bond insurance or other credit enhancement, marketing and selling the bonds, printing costs and expenses, and the cost of funding capitalized interest and required reserves.

(c) The remaining proceeds of the bonds shall be paid into the National Capital Energy Fund established by section 301 and used to provide funds for the initial installation of energy efficiency improvements that are permanently attached to residential, commercial, industrial, or other real property as authorized under Title III.

Sec. 203. Payment and security.

(b) Payment of the bonds shall be secured as provided in the Financing Documents and

by an assignment by the District for the benefit of the bondholders of certain of its rights under 1  
the Financing Documents and Closing Documents to the trustee for the bonds pursuant to the 2  
Financing Documents. 3

(c) The trustee is authorized to deposit, invest, and disburse the proceeds received from 4  
the sale of the bonds pursuant to the Financing Documents. 5

Sec. 204. Bond details. 6

(a) The Mayor is authorized to take any action reasonably necessary or appropriate in 7  
accordance with this act in connection with the preparation, execution, issuance, sale, delivery, 8  
security for, and payment of the bonds of each series, including, but not limited to, 9

(8) The time and place of payment of the bonds; 6

(9) Procedures for monitoring the use of the proceeds received from the sale of 7  
the bonds to ensure that the proceeds are properly applied and used to accomplish the purposes 8  
of the Home Rule Act and this act; 9

(10) Actions necessary to qualify the bonds under blue sky laws of any 10  
jurisdiction where the bonds are marketed; and 11

(11) The terms and types of credit enhancement under which the bonds may be 12  
secured. 13

(b) The bonds shall contain a legend, which shall provide that the bonds are special 14  
obligations of the District, are without recourse to the District, are not a pledge of and do not 15  
involve the faith and credit or the taxing power of the District (other than the special 16  
assessment), do not constitute a debt of the District, and do not constitute lending of the public 17  
credit for private undertakings as prohibited in section 602(a)(2) of the Home Rule Act. 18

(c) The bonds shall be executed in the name of the District and on its behalf by the 19

(g) The bonds are declared to be issued for essential public and governmental purposes. 10

secure the payment of the bonds, shall at all times be exempt from taxation by the District, 12  
except for estate, inheritance, and gift taxes. 13

(h) The District does pledge and covenant and agree with the holders of the bonds that, 14  
subject to the provisions of the Financing Documents, the District will not limit or alter the basis 15  
on which the revenues pledged to secure the bonds are collected or allocated, will not impair the 16  
contractual obligations of the District to fulfill the terms of any agreement made with the holders 17  
of the bonds, and will not in any way impair the rights or remedies of the holders of the bonds, 18  
until the bonds, together with interest thereon, and all costs and expenses in connection with any 19  
suit, action, or proceeding by or on behalf of the holders of the bonds, are fully met and 20

discharged. This pledge and agreement for the District may be included as part of the contract 1  
with the holders of the bonds. This subsection constitutes a contract between the District and the 2  
holders of the bonds. To the extent that any acts or resolutions of the Council may be in conflict 3  
with this act, this act shall be controlling. 4

(i) Consistent with section 490(a)(4)(B) of the Home Rule Act and notwithstanding 5  
Chapter 9 of Title 28 of the District of Columbia Official Code: 6

(1 ) A pledge made and security interest created in respect of the bonds or 7

**TITLE III. ESTABLISHMENT OF THE ENERGY EFFICIENCY LOAN FUND AND  
ENERGY EFFICIENCY LOAN PROGRAM.**

Sec. 301. Establishment of the National Capital Energy Fund.

(a) There is established as a nonlapsing fund the National Capital Energy Fund. The  
Chief Financial Officer shall create 2 accounts within the National Capital Energy Fund: the  
Bond Proceeds Account and the Federal Grant Account. The Chief Financial Officer shall  
deposit the proceeds from each sale of the bonds into the Bond Proceeds Account and shall  
deposit all Energy Efficiency Conservation Block Grant Retrofit Ramp-Up funds received from

the United States Government as Energy Efficiency and Conservation Block Grants into the Federal Grant Account.

(b) All funds deposited into the National Capital Energy Fund, and any interest earned thereon, shall not revert to the unrestricted fund balance of the General Fund of the District of Columbia at the end of the fiscal year, or at any other time, but shall be continually available for the uses and purposes set forth in section 302 without regard to fiscal year limitation, subject to authorization by Congress.

Sec. 302. Authorization of use of monies in fund.

(a) The Mayor may use the funds in the National Capital Energy Fund to make Energy Efficiency Loans to property owners for the initial costs of the installation of Energy Efficiency Improvements. Each Energy Efficiency Loan shall be repaid by the revenues generated by the special assessment authorized by Title III. Each Energy Efficiency Loan shall be evidenced by a loan, or other, agreement obligating the property owner and all successor property owners to pay the special assessment and such other terms and conditions as the Mayor shall determine to be necessary or appropriate to carry out the provisions of this act.

(b) Prior to the 1st issuance of bonds, each Energy Efficiency Loan funded from grant proceeds shall bear interest at a rate equal to the interest rate on 10-Year United States Treasury Notes on the date of the execution of the loan, or other, agreement evidencing an Energy Efficiency Loan of the 1st series of Energy Efficiency Loans to be issued, plus 250 basis points. Upon the 1st issuance of bonds, the interest rate on the outstanding Energy Efficiency Loans

used to secure payment of that issue of bonds shall convert automatically, and without action by 1  
 either the District or the property owner, to the interest rate on the first series of bond, plus an 2  
 amount determined by the Mayor to be sufficient to pay all administrative costs specified in 3  
 section 103(a) of this act. Thereafter, all Energy Efficiency Loans shall bear interest at the rate of 4  
 interest on the series of bonds issued immediately preceding the date of execution of the Energy 5  
 Efficiency Loan, plus an amount determined by the Mayor to be sufficient to pay all 6  
 administrative costs specified in section 103(a) . The principal, interest, and administrative costs 7  
 of the loans shall be separately stated to permit the allocation thereof as provided in this act. 8

(c) If the first source of funds deposited in the National Capital Energy Fund is not a 9  
 grant but an obligation which requires the District to repay principal and interest thereon, the 10  
 Energy Efficiency Loan, or other, agreement shall be structured to repay the funding source, plus 11  
 administrative costs. Special energy assessment payments shall be deposited in the same manner 12  
 specified in section 103. 13

(d) A special assessment payment received prior to the issue of bonds secured by the 14  
 special assessment payments may be used to provide a debt service reserve fund for such bonds. 15

Sec. 303. Qualification for loans. 16

(a) To qualify for a loan from the National Capital Energy Fund, the property owner shall 17  
 file with the Administrator a loan application including the following: 18

- (1) The amount of loan requested; 19

**ENGROSSED ORIGINAL**

(2) The agreement of the property owner to pay the full amount of the special assessment authorized by Title III; 1  
2

(3) A description of the Energy Efficiency Improvements that the property owner proposes to install and an estimate of the cost of the installation; 3  
4

(4) An Energy Efficiency Audit from an auditor approved by the Administrator stating the amount of energy used by the subject property and the amount of the energy to be saved by the installation of the Energy Efficiency Improvements; 5  
6  
7

(5) A statement establishing that the value of the energy saved by the installation of the Energy Efficiency Improvement is reasonably expected to equal or exceed the amount of the principal of, and interest on, the Energy Efficiency Loan and, if the property owner requests reimbursement under section 304(c), the cost of the Energy Efficiency Audit; 8  
9  
10  
11

(6) Credit information and information regarding the subject property as determined by the Administrator; and 12  
13

(7) Property owner certification that the Special Assessment will not violate any agreements with any other lender or provision of applicable lender consents. 14  
15

(b) The property owner shall pay a fee at the time of filing the application in an amount to be determined by the Administrator to be sufficient to cover the cost of processing the application and making the Energy Efficiency Loan. 16  
17  
18

Sec. 304. Approval of application. 19

(a) The Administrator shall review the property owner’s application and, if it finds that 20

the application satisfies all requirements, shall enter into a loan, or other, agreement with the property owner.

(b) The property owner may request in the loan application that the Energy Efficiency Loan include an amount equal to all or part of the cost of the Energy Efficiency Audit. If the amount requested is reasonable, the Administrator shall include the amount in the Energy Efficiency Loan.

(c) Before entering into a loan, or other, agreement with a property owner, the Administrator shall verify, based upon information provided in the property owner’s application, that the value of the energy saved by the installation of the Energy Efficiency Improvements is reasonably expected to exceed the amount of the principal of, and interest on, the Energy Efficiency Loan and any amount included pursuant to subsection (b).

Sec. 305. Duties of Administrator.

The Administrator shall provide general management, oversight, and coordination of the Energy Efficiency Loan program and its related services, including performing the following duties:

(1) Outreach and marketing to eligible property owners to inform them of the existence and benefits of the Energy Efficiency Loan program in conjunction with the brand established pursuant to section 206 of the Clean and Affordable Energy Act of 2008, effective October 22, 2008 (D.C. Law 17-250; D.C. Official Code § 8-1774.06);
