10:10 a.m. – 10:35 a.m.

Alia Anderson, Director of Community Outreach, ULI Washington and Bob Eisenberg, Chair, ULI Washington Technical Assistance Panel Committee

ULI Washington proposes a three year partnership with COG to deliver nine (9) Technical Assistance Panels (TAPs) focused on identifying priority, catalytic strategies to maximize the impacts of investments in Activity Centers. Technical Assistance Panels (TAPs) are one of ULI Washington's signature programs, where a panel of 10-12 senior-level experts work over a concentrated timeline to evaluate and provide market-based feedback on a local development or land use challenge.

Preliminary Schedule for the Round 8.3 Cooperative Forecasts

10:35 a.m. – 10:45 a.m.

Greg Goodwin, COG/DCPS Staff

Members of the Cooperative Forecasting and Data Subcommittee were briefed at their last meeting regarding the next update to the Cooperative Forecasts – Round 8.3. As with prior updates, jurisdictions are not required to update their forecasts. However, due to the likely TPB Air Quality Conformity Analysis schedule, the Planning Directors will be asked to take final action on Round 8.3 jurisdictional control totals at the January, 2014 meeting, with TAZ forecasts due by the end of January. Mr. Goodwin will update the Committee on the proposed schedule for Round 8.3 and letters received to date from Planning Directors indicating their intent to participate in this update.

Since the July approval of the analysis geographies for the 2013 Activity Centers based on Transportation Analysis Zones (TAZ), COG/DTP staff have started the work to analyze the centers with the Round 8.2 Cooperative Forecasts in light of the Region Forward goals and targets.
