Special Session on State, Regional, Local Agency Engagement on Electrification

It was a very well attended special session on Regional, State, and Local Agency Engagement on Transportation Electrification.

Carrie Giles (ICF) discussed federal and state framework for EV infrastructure funding.

Jeff King talked about the development of a Regional EV Deployment Plan.

Brian Booher briefed members on Montgomery county's zero emission vehicle program.

Tim Shepherd and Virginia Burke said that a lot of webinars and public engagement are going on Alternative fuels corridors. They talked about the development of a Zero Emission Vehicle Infrastructure Plan.

Chris Berg said that Virginia's EV infrastructure is being funded using VW funds, new sections of interstate highways are being designated as Alternative fuels corridors. He also mentioned that state highways designations and community charging are next in line.

Mathew Gaskin discussed DDOT's public engagement for finalizing roadmap for infrastructure requirements and guidelines for charging stations in residential and business districts.

Demetra McBride talked about Arlington county's community energy/climate plan goals

Bill Eger presented Alexandria's implementation of EV charging infrastructure readiness strategy.

Alleyn Harned from Virginia Clean Cities talked about Mid-Atlantic EV partnership.

The meeting ended at 12:00 pm.
