# FY2011 UASI Grant Outlook

- We are still facing uncertainty on the Appropriations Bill and any possible programmatic changes to the FY11 HSGP guidance.
- RESF/RPWG's should be developing proposals for FY11 projects consistent with the Investment Plans. Deadline for completing project proposals was extended to April 4, 2011.
- Developing proposals in advance of the grant announcement will ensure timely submission of the grant application and that projects are ready to initiate as soon as the grant award is issued.
