Let's Discuss!

- We will break out into four groups with a mix of new and long-term CAC members.
 - Groups will assign one person to take notes and be their 'spokesperson' to report out to the committee
- Each group will have 12 minutes to discuss the following questions:
 - What are two things that your group would like the CAC to address or accomplish over your two-year term?
 - What are two expectations that your group thinks all CAC members should agree to in order to have a positive and successful committee?
 - What is one expectation that your group thinks that TPB staff should meet when working with the committee?
