SUBJECT: MWCOG's Modeling Data Version 2.1D Draft #50 Request

Dear Mr. Kirby:

You noted at the Travel Forecasting Subcommittee on Friday, September 17, 2004 that the most recent version of the transportation model will be available this week and will be provided upon written request. Please provide the transportation forecasting model version 2.1D Draft #50. I think the years included are 2030 Round 6.4 land use and an updated 2000 land use. Is this the case? Are there intermediate years with this release of the model?

You have released previous versions of the model on a CD. Would I be able to pick up a CD at your office? Is it also available via download from an ftp site?

Sincerely,

David E. Kline,
Senior Transportation Planner, FCDOT
