Preliminary Regional Transportation Data Clearinghouse Web Viewer

Cooperative Forecasting and Data Subcommittee Meeting
Tuesday, April 10, 2012

Regional Transportation Data Clearinghouse

Overview

- Provides member jurisdictions and planners with a GIS-based tool to access and analyze transportation data in the COG/TPB region.

- Available to any authorized user through any web-browser (Flex-based, so not compatible with iOS)

# Regional Transportation Data Clearinghouse

Available Data
- Hourly Traffic Counts (Permanent and Coverage Counts)
- Traffic Counts (AADT/AAWT)
- Transit Ridership (Avg. Weekday Ridership by Line)
- Metrorail (Entry and Exits by Station)
- TAZs with Cooperative Forecasting Data
- Activity Centers and Clusters
- Regional Boundaries
