

Food and Agriculture Regional Member (FARM) Policy Committee

FARM's Mission: To support development of long-term regional direction and collaboration toward a more resilient, secure, equitable, connected food and farm economy (food system) across Metropolitan Washington's urban, suburban, and rural communities to provide more of the region's food needs.

FARM advances regional food security by:

- Accelerating the uptake of best practices through a peer support network;
- Leveraging COG's role as a multi-sectoral convener to better understand food security challenges;
- Advocating for upstream change to increase the federal and state resources coming into our region to bolster food security.
