New Carrollton Station

111

jennythevoice #Ad Did you know that Metrorail serves 311 stations and has 117 miles of track? Metrobus serves the nation's capital 24 hours a day, 7 days a week with 1,500 buses, and provides about 2.3 million trips per year. You can see so much of the district without a car! Together with @cleanairpartner, we want to invite you to join us and be part of Car Free Day, which is celebrated on September 22.

I decided pledged to leave my car at home and make my trip around DC by Metro that day. Using more sustainable ways to get around helps reduce harmful greenhouse gas emissions and traffic congestion. The more people travel using bicycles, buses, trains, carpools, and vanpools, the fewer pollutants are released into the atmosphere. Join us and take the pledge, even if you're already car-free. Go to the link in my Bio and signed it today or go to www.carfreemetrodc.org
