

CLIMATE ENERGY AND ENVIRONMENT POLICY COMMITTEE (CEEPC)

2030 CLIMATE PLAN WORKSHOP #2

March 25, 2020
9:30 A.M. – 3:00 P.M.
MWCOC Board Room

DRAFT AGENDA

- 9:30 A.M. 1. **SIGN-IN, MORNING REFRESHMENTS, AND NETWORKING**
- 10:00 A.M. 2. **WELCOME AND INTRODUCTIONS**
*Hon. Daniel Sze, Climate Energy and Environment Policy Committee (CEEPC)
Chair*
- 10:15 A.M. 3. **MITIGATION SESSION**
*Steve Walz, COG Director of Environmental Programs
Jeff King, COG Chief, Energy and Climate
Mathew Lee and Ben Butterworth, Cadmus
Mike Steinhoff, KLA*

A working session to review the findings from the greenhouse gas (GHG) inventory and business-as-usual projections, discuss the region GHG reduction targets, and discussion of priority a set of regional and local mitigation actions.

The session will consider :

- Updates to GHG inventory and BAU projections;
- Regional GHG reduction targets;
- Climate mitigation actions

12:00 P.M. 4. LUNCH (PROVIDED) AND NETWORKING

1:00 P.M. 5. ADAPTION SESSION

Steve Walz, COG Director of Environmental Programs

Katie Dyer, COG Environmental Planner III

Mikayla Hoskins and Adam Friedberg, BuroHappold Engineering

A working session to review the findings from the Climate Risk and Vulnerability Assessment (CRVA), discuss climate adaptation goals for the region, and initiate the development of adaptation-related actions.

The session will:

- Review the CRVA;
- Discuss regional resilience goals;
- Identify regional resilience actions
 - Consider overlap between mitigation and adaptation actions

2:30 P.M. 6. ADJORN AND NETWORKING

The input provided by participants during both the mitigation and adaption sessions, will be used to revise the technical elements of the 2030 plan and shape the goals for the 2030 plan.
