June 20, 2023

# CC Mobile - Completed Enhancements

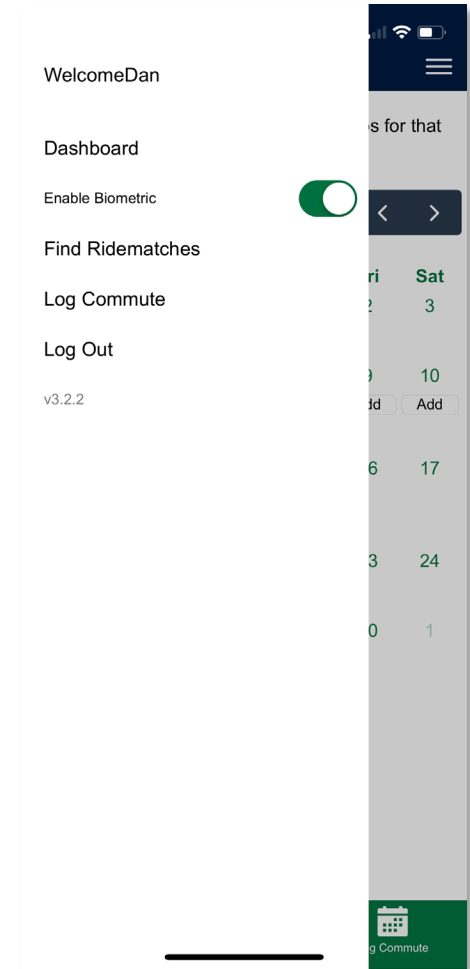

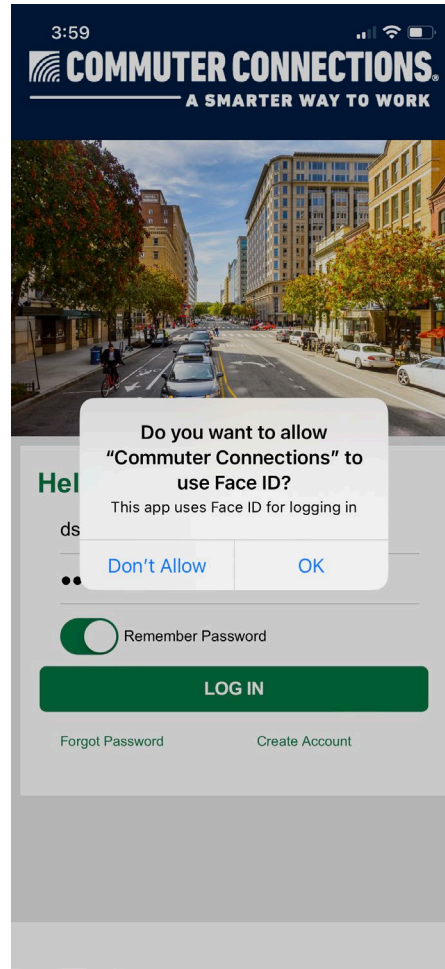

---

## Version 3.2.2

- Biometric login
- Design updates
- Ridematching UI
- Commute Calendar

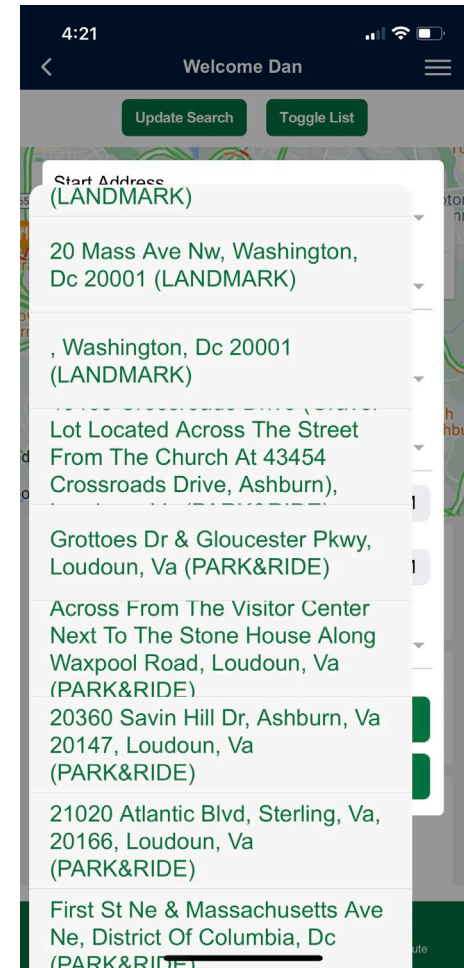

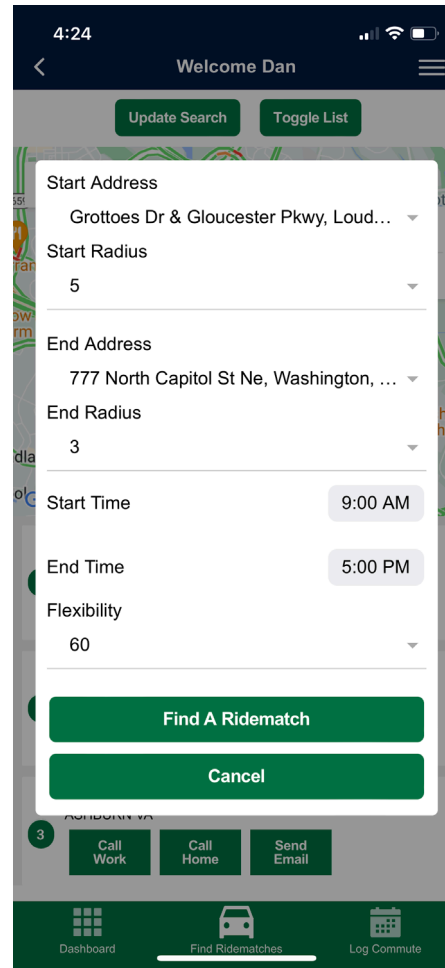

# CC Mobile - Biometric Login

- Same credentials as desktop login
- Bypass entering username & password through biometric login
  - Face ID
  - Thumbprint

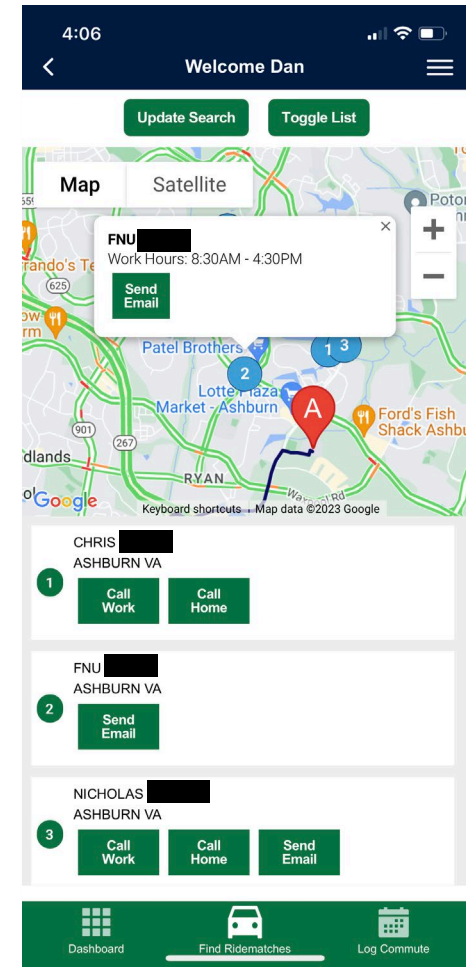

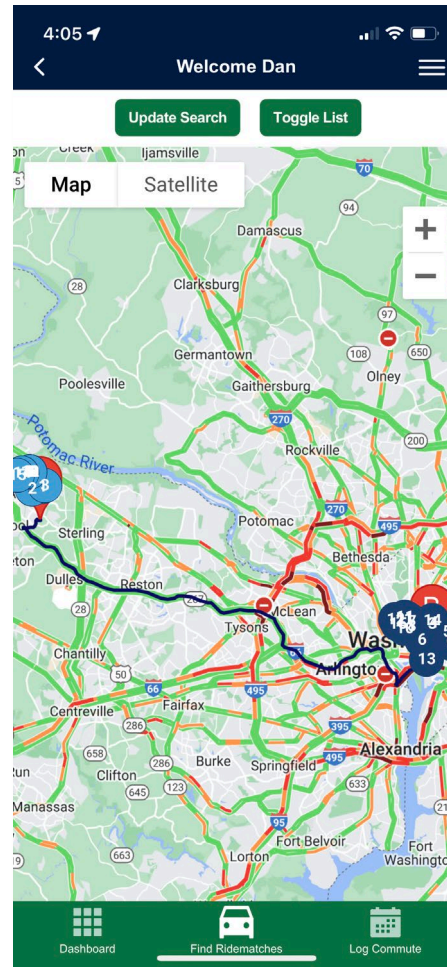

# CC Mobile - Ridematching

- Ridematching uses pre-populated home and work address
  - Choose from standard locations, such as landmarks and Park & Rides, or custom locations entered on Desktop

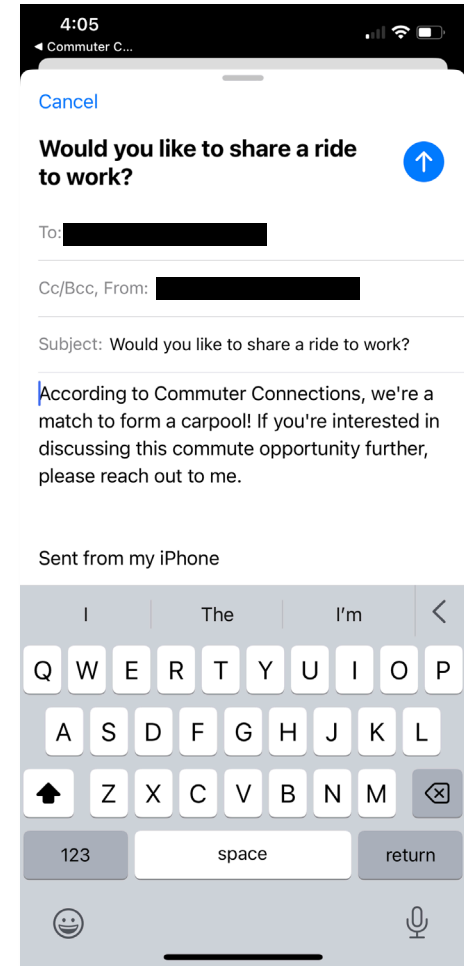

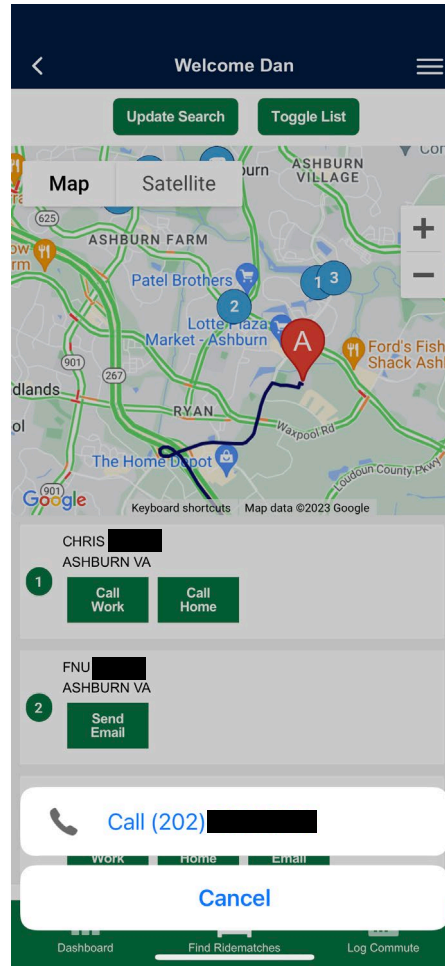

# CC Mobile - Ridematching

- Ridematching results are toggleable between map or list view

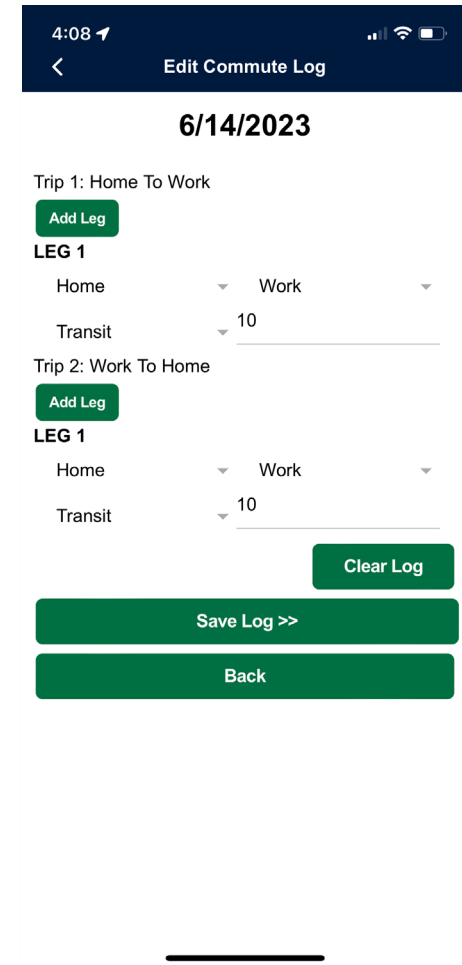

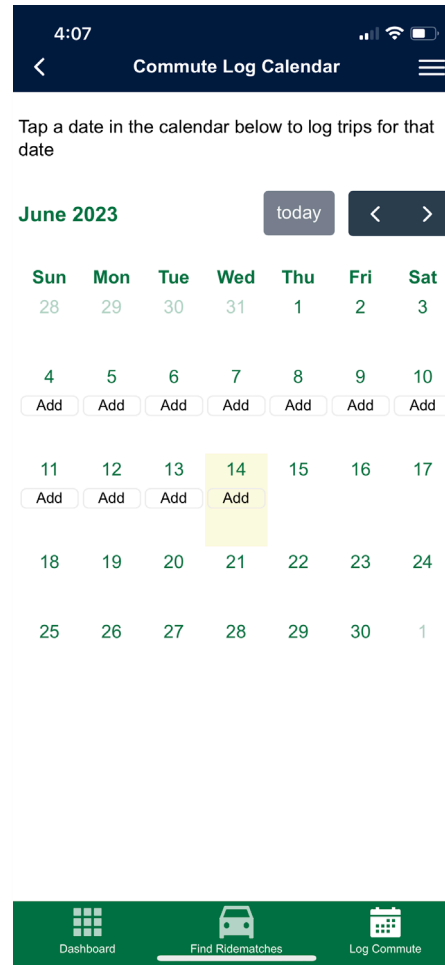

# CC Mobile - Ridematching

- Ridematching results can be contacted directly from the app

# CC Mobile – Commute Calendar

- Fixed access in bottom menu
- Aesthetic update
- API speeds queries
  - Groundwork for “toast” notifications

# CC Mobile - Pending Enhancements

---

- GRH Trip Request
- Ridematching preference updates
- Program Enrollment: Ridematching, GRH, Flextime Rewards
- Notifications
  - “Push” and “Toast”
- Help features
  - FAQ and tutorials

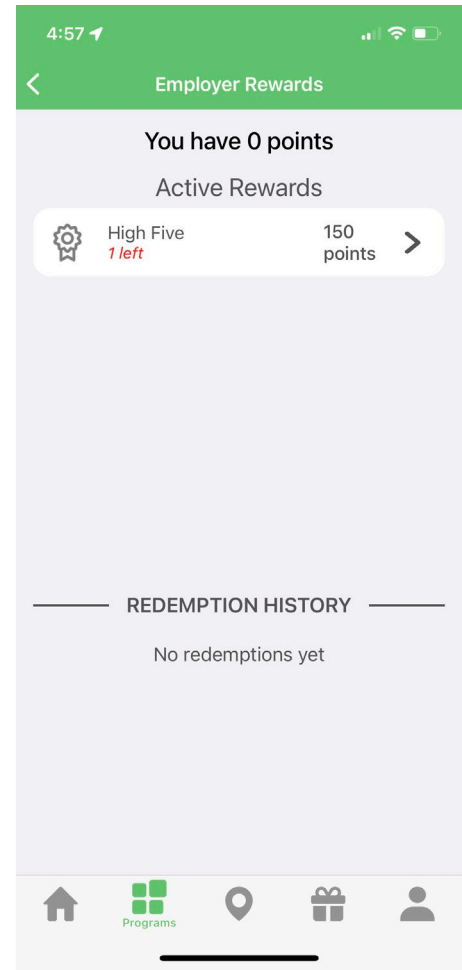

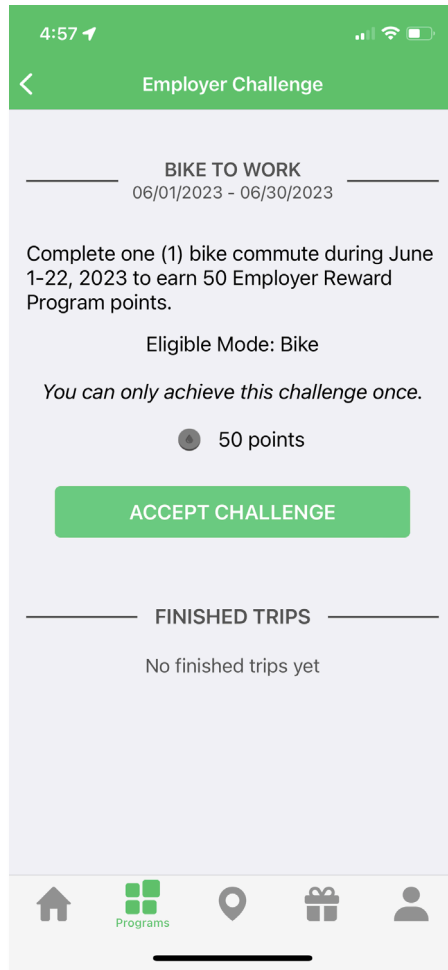

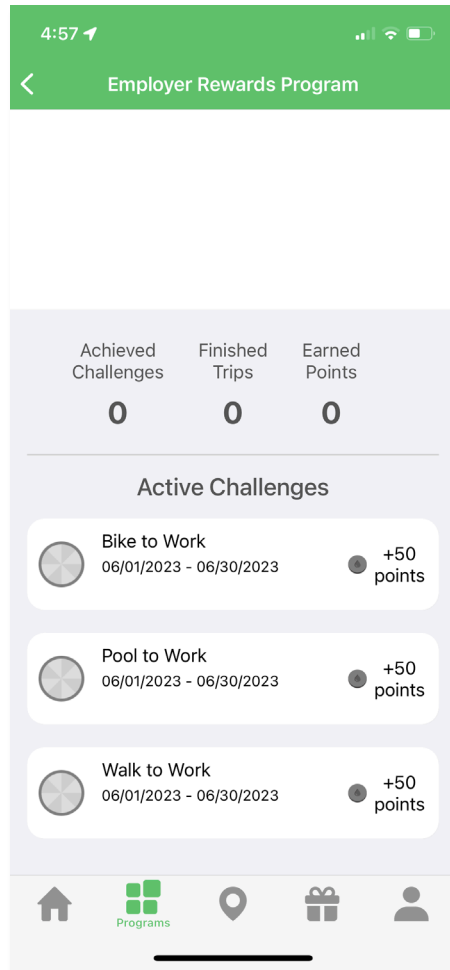

# incenTrip – Employer Rewards Program

---

- ATCMTD Project Deliverable (Task F)
- Develop a new “Employer Rewards Program” that allows employers to create and deploy customized TDM programs
  - Employers conduct basic program administration through special ETC permissions in the TDM System
    - “Employer Challenges” and Employer Rewards Store
  - Employees earn points by completing Employer Challenges; redeem at the Employer Rewards Store
    - Overlaid on top of existing public incentive programs
- Desired Outcome: Employers encourage employees to explore new sustainable travel modes

# incenTrip – Employer Rewards Program

# incentrip – Employer Rewards Program

## incentrip Employer Program Home
