Utility Data

Where can I find the data?

- Shared Dropbox Folder

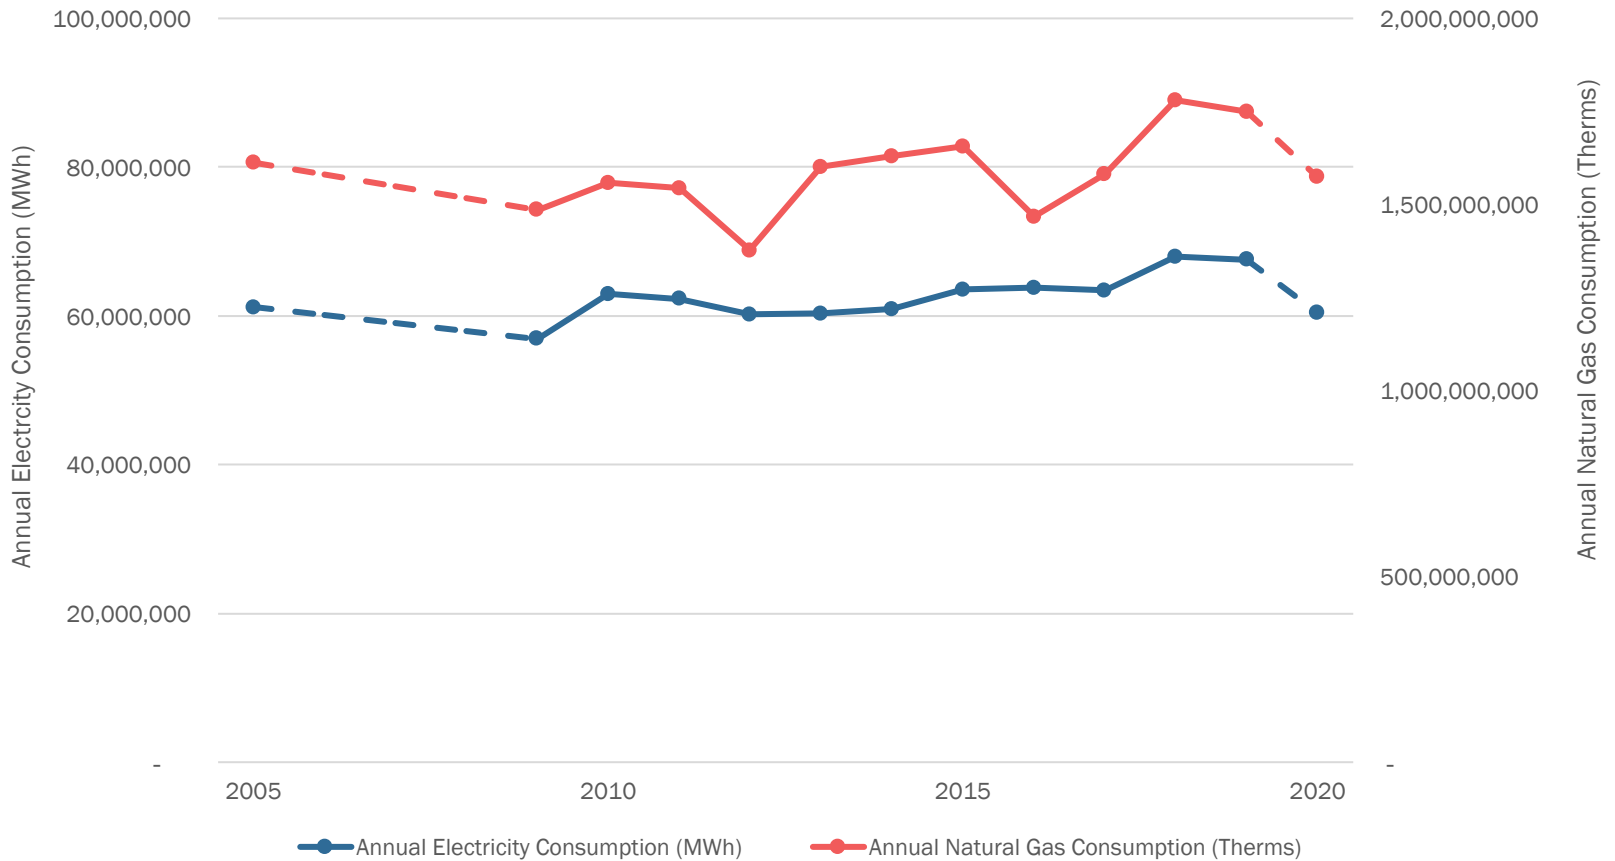

This folder includes –

- Each Utility's Raw Data for the year 2005, and 2009 through 2019
 - This also includes Distributed Renewables data
- Utility Data Summaries for each of these years
- All Years Summary

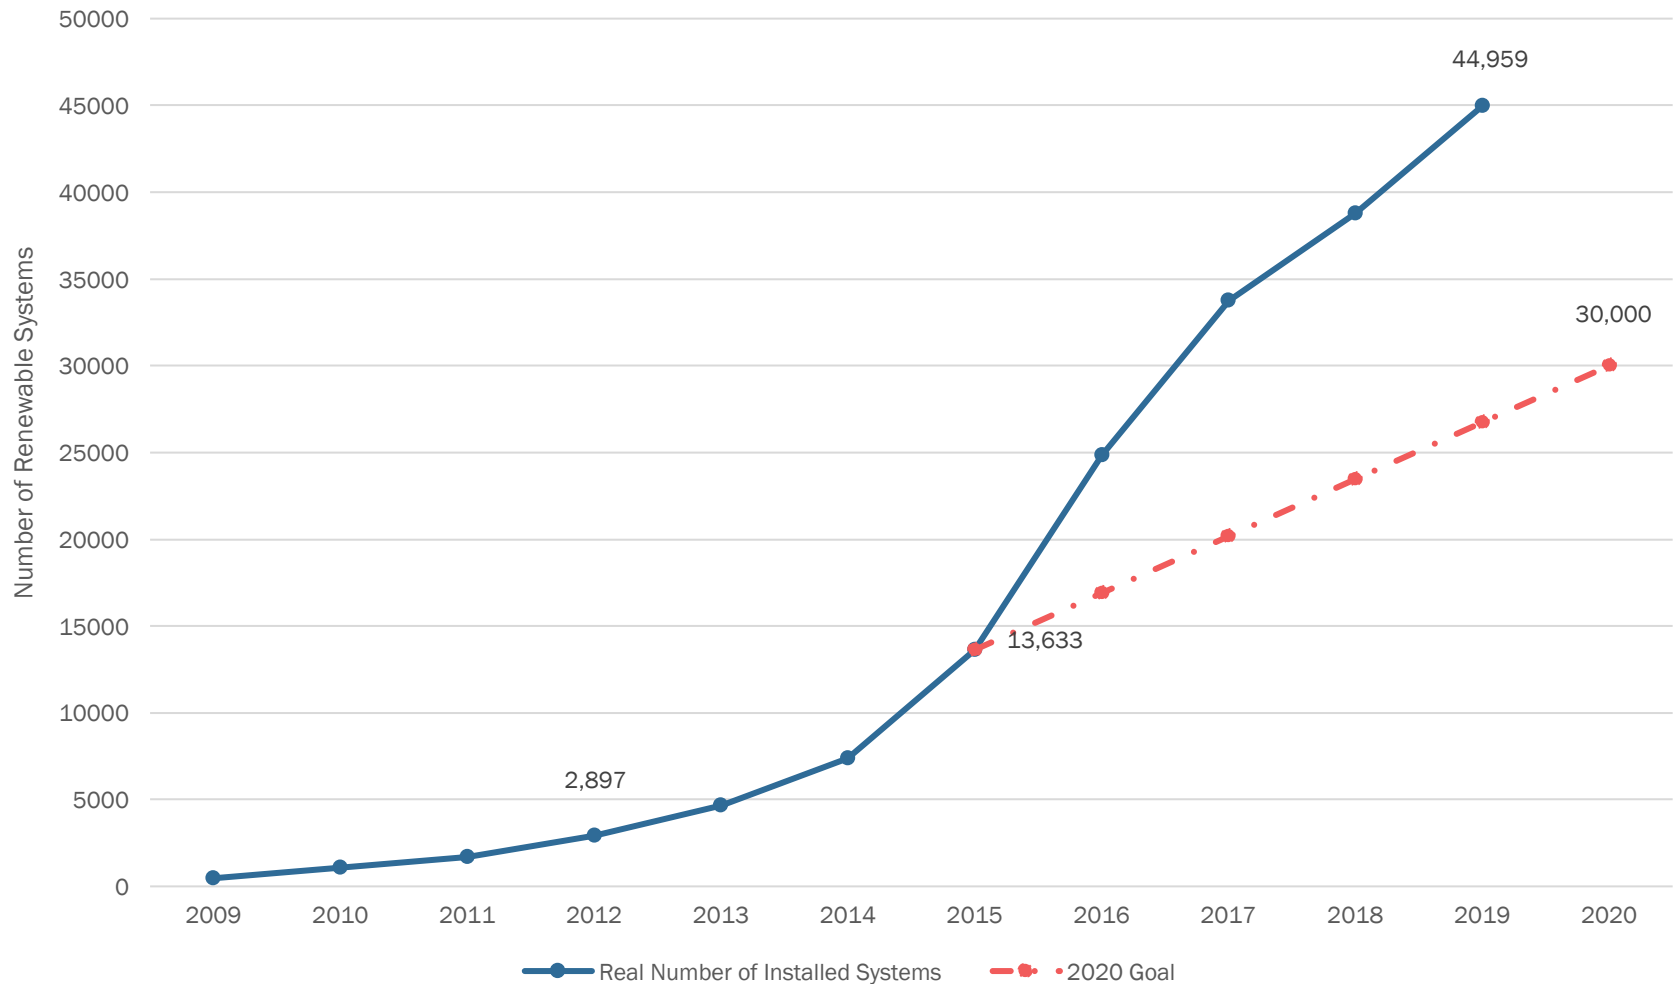

* All Summaries have been updated and reflect data used for inventory years. Details of any changes made can be found in the note sections of each summary.
