RE: Approval of an Amendment to the FY 2017-2022 TIP to Update Project Information for TIP ID 5867 for the period FY2020-2022 in order to incorporate the construction of WMATA's Heavy Overhaul Facility

Dear Chairman Allen:

The region's six-year Transportation Improvement Program (TIP) outlines the schedule for obligating federal funds to state and local projects. The purpose of this amendment is to modify the project budget and sources of funds for TIP ID 5867 for the period FY2020-2022, in order to incorporate the construction of WMATA's Heavy Overhaul Facility.

Attachment A is a summary of the proposed FY2020-2022 budget and funding-source information for the TIP ID 5867 amendment. Attachment B shows the FY2020-2022 project budget that is part of the currently adopted TIP as well as the proposed changes to this TIP ID. In FY2020 this TIP ID will increase from \$10.8 million to \$45.0 million. Currently, in FY2021 and FY2022 this TIP ID does not have a budget. WMATA is adding \$32.5 million and 65.0 million, respectively, to account for the expenses related to the construction of WMATA's heavy overhaul facility. WMATA expects to fund this project from both Federal and local funds.

WMATA's TIP projects do not affect the currently approved air quality conformity analysis because these projects are either exempt or not regionally significant in terms of air quality.

WMATA's submission for this FY 2020-2022 TIP amendment is consistent with the FY 2019-2024 Capital Improvement Program that was approved by the WMATA Board of Directors on March 22, 2018. Prior to approval of the CIP, WMATA held a public hearing on its proposed operating and capital budgets, including the proposed sources and uses of its capital funds.

In addition to the requirement of consistency with an approved TIP, the FTA requires that agency's grant applications match the corresponding State
