Recent and Upcoming Meetings

September 23, 2011 - Advisory Group Meeting - Central Library (7: 30am - 10:00am)

June 24, 2011 - Advisory Group Meeting - Central Library (7:30am - 10:00am) - [Agenda](#), [Presentation](#)

Important Documents

- [Tasks to Create Implementation Work Plan](#)
- [CEP Presentation March 2011](#)
- [Community Energy Project Frequently Asked Questions \(FAQs\)](#)

The Community Energy Plan project will establish energy goals and strategies for the entire County. This project will ultimately result in an energy plan that addresses the places where we use energy in our community – in homes, shops, offices, public buildings and other institutions – and offer strategies to:

- Enhance Arlington's economic competitiveness
- Ensure reliable and affordable energy supplies
- Demonstrate the County's long-term commitment to environmental responsibility

The process for developing the Community Energy Plan includes two equally important elements:

- **Community Dialogue:** Arlington has hosted two Community Town Hall Meetings in 2010 to give Arlingtonians a chance to share their thoughts on energy challenges and opportunities in our community.
- **Community Energy Advisory Group (CEAG):** In May 2011 the County Board appointed a group of local energy and business leaders to an Advisory Group.

Community Energy Implementation Work Plan and in finalizing the Community Energy Plan. The Advisory Group [meets quarterly](#), beginning June 2011. Each meeting is open to the public.
