Re: Request for MWCOG Version 2.1D_#50 Model and Related Data Sets

Dear Mr. Kirby:

In support of our Department's ongoing effort to transition to and validate the latest available version of the MWCOG travel demand model in support of Montgomery County-focused planning applications, this letter requests a copy of the items referenced above. This model version includes those revisions reported by COG staff at the September 17th Travel Forecasting Subcommittee meeting. **Specifically, this request includes available Version 2.1D_#50 model 1994, 2000 and 2030 highway and transit networks; as well as relevant input, control, and supporting TP+ script files.**

Your kind attention to this matter would be greatly appreciated. Should you have any questions concerning this request, please contact me at 301.495.4632 (phone) or eric.graye@mncppc-mc.org (e-mail).

Regards,

Eric Graye, AICP
