

Metropolitan Washington Air Quality Committee/AQPAC Review

MEMBER SURVEY (May-June 2008)

MWAQC and AQPAC are initiating a review of organizational members on the Air Quality Public Advisory Committee. The review is being conducted to revitalize AQPAC's organizational membership and expand MWAQC's outreach into the community by engaging active organizations in the air quality planning process.

The review will be the first of periodic MWAQC review of organizations participating in AQPAC. One proposed change would make AQPAC's member representation process consistent with those of the COG Board of Directors in that member organizations would annually review and appoint their representative to AQPAC. Please return the completed survey to COG by June 6. For questions about this survey, please contact Joan Rohlfs, 202-962-3358 or jrohlfs@mwkog.org.
