Proposed Questions for Analysis of Round 6.3 Cooperative Forecasts
March 12, 2003

1. What are the trends? By region? By jurisdiction?
2. Which trends are positive? (“as relates to existing COG policies”)
3. Which trends are negative? (“as relates to existing COG policies”)
4. How do the forecasts link to the Transportation Improvement Program (TIP) and Constrained Long Range Plan (CLRP)?
5. How do the forecasts link to the Regional Activity Centers? What are the share of jobs and households in the Regional Activity Centers?
6. How do the forecasts link to the Air Quality Conformity Analysis?
7. What changes in policy should be considered based on the forecasts?
