

Considerations in Upcoming Air Quality Planning Activities

NOTES:

- MOVES Testing 1. Develop local inputs and modeling approach, and apply to 2009 CLRP travel
- 2. Finalize methods and apply to 2010 CLRP Travel

- DECISION POINTS
1. Assess preliminary emissions vs. budgets: available options?
 2. Assess actual emissions vs. budgets: available options?

* NO₂ Roadside Monitoring Network and results in 2016 or 2017
