TRANSPORTATION PROJECTS WITH FEDERAL FUNDING OBLIGATIONS FOR THE NATIONAL CAPITAL REGION

December 14, 2018

ABOUT THE TPB

The National Capital Region Transportation Planning Board (TPB) is the federally designated metropolitan planning organization (MPO) for metropolitan Washington. It is responsible for developing and carrying out a continuing, cooperative, and comprehensive transportation planning process in the metropolitan area. Members of the TPB include representatives of the transportation agencies of the states of Maryland and Virginia and the District of Columbia, 24 local governments, the Washington Metropolitan Area Transit Authority, the Maryland and Virginia General Assemblies, and nonvoting members from the Metropolitan Washington Airports Authority and federal agencies. The TPB is staffed by the Department of Transportation Planning at the Metropolitan Washington Council of Governments (COG).

Editor: Andrew Austin

ACKNOWLEDGEMENTS

The preparation of this report was financially aided through grants from the District of Columbia Department of Transportation, the Maryland Department of Transportation, the Virginia Department of Rail & Public Transportation, the Virginia Department of Transportation, Federal Highway Administration, and the U.S. Department of Transportation, Federal Transit Administration, under the Urban Mass Transportation Act of 1964, as amended.

ACCOMMODATIONS POLICY

Alternative formats of this document are available upon request. Visit www.mwcog.org/accommodations or call (202) 962-3300 or (202) 962-3213 (TDD).

TITLE VI NONDISCRIMINATION POLICY

The Metropolitan Washington Council of Governments (COG) fully complies with Title VI of the Civil Rights Act of 1964 and related statutes and regulations prohibiting discrimination in all programs and activities. For more information, to file a Title VI related complaint, or to obtain information in another language, visit www.mwcog.org/nondiscrimination or call (202) 962-3300.

El Consejo de Gobiernos del Área Metropolitana de Washington (COG) cumple con el Título VI de la Ley sobre los Derechos Civiles de 1964 y otras leyes y reglamentos en todos sus programas y actividades. Para obtener más información, someter un pleito relacionado al Título VI, u obtener información en otro idioma, visite www.mwcog.org/nondiscrimination o llame al (202) 962-3300.

INTRODUCTION

The National Capital Region Transportation Planning Board (TPB) is responsible for the federally required urban transportation planning process in the Washington region. As the designated metropolitan planning organization (MPO) for the region, the TPB in cooperation with the transportation implementing agencies in the District of Columbia, Maryland, Virginia, and the Washington Metropolitan Area Transit Authority (WMATA) develops two important documents:

- The Financially-Constrained Long-Range Transportation Plan (CLRP), which is a comprehensive plan of transportation projects and strategies that the TPB anticipates can be implemented over the next 24 years
- The Transportation Improvement Program (TIP), which details the projects in the CLRP that will be implemented over the next six-year period

The CLRP of record for FY 2018 was approved in November 2016 and amended in October 2017. The FY 2017-2022 TIP, which was adopted in November 2016, is usually adopted every two years. The TIP documents the cost, implementation phasing, sources and types of funds, and describes each project. The TIP establishes eligibility for federal funding for those projects selected for implementation.

AN ANNUAL LISTING OF PROJECTS WITH FEDERAL FUNDING OBLIGATIONS

Beginning with the Transportation Equity Act for the 21st Century (TEA-21) of 1998 and continuing through the currently authorized transportation bill, Fixing America's Surface Transportation (FAST) Act, the TPB has been required to publish and make available for public review:

“An annual listing of projects for which Federal funds have been obligated in the preceding year... The listing shall be consistent with the categories identified in the transportation improvement program.”

By providing public access to information on the obligation of federal funds each year, the report will be helpful in following the progress of the projects in the CLRP and TIP. The project information includes the obligated federal funding for the federal fiscal year October 1, 2016 to September 30, 2017.

The listings of projects and financial data were provided by the transportation implementing agencies in the region: the District of Columbia Department of Transportation (DDOT), Maryland Department of Transportation (MDOT), and the Virginia Department of Transportation (VDOT).

While the inclusion of a project in the region's TIP ensures its eligibility for federal funding, the responsible transportation agency such as DDOT, MDOT, or VDOT must follow federal-aid financing procedures to obtain the federal funds to implement it. The Federal Highway Administration or Federal Transit Administration first must approve a project and execute a project agreement which “commits” or gives the federal government's promise to pay for the federal share of a project's eligible cost. Obligated funds are considered “used” even though no cash is “spent.” Thus, while the projects listed in this report have received federal obligations of funds during the reporting period, work on them may not have begun. Once the agency begins work on a project it applies to the federal funding agency for reimbursement.

REGIONAL FEDERAL FUNDING OBLIGATION TOTALS

The following table shows the federal funding obligation totals for the largest and most common funding programs as reported by DDOT, MDOT and VDOT. The obligation totals reported by MDOT include funding for projects in suburban Maryland. The obligation totals reported by VDOT include funding for projects only in Northern Virginia.

	DDOT	MDOT	VDOT
BRIDGE		\$ 83,939	\$ 306,998
