

Maryland Strategic Highway Safety Plan 2011-2015

- Third SHSP for Maryland
- 1st- 23 program areas, 2nd- 14 emphasis areas current -6 emphasis areas
- Current SHSP focuses not only on the issues that cause the greatest number of traffic safety problems but on the geographic areas where crashes are most prevalent.

Maryland Strategic Highway Safety Plan 2011-2015

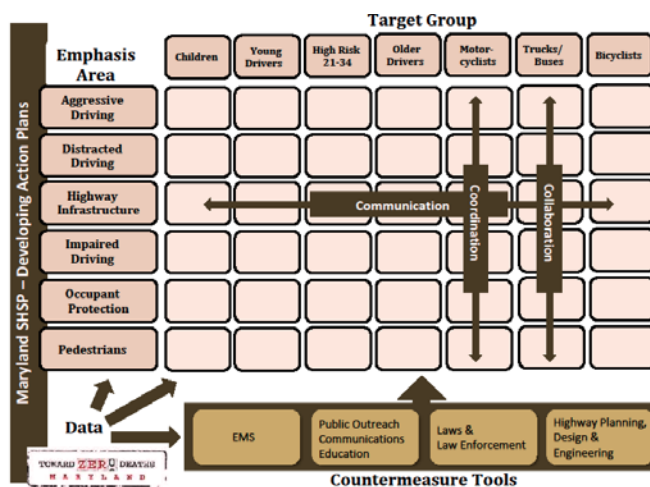

- Participation of a wide range of stakeholders
- Strategies outlined are linked to other state safety plans and programs
- Emphasis area strategies are the basis for evidence based and data driven action plans relative to at risk user groups identified in the model.

SHSP Prevention Matrix

SHSP Prevention Matrix

revised September 2013

The Next Maryland SHSP

- Highway Safety Symposium to bring together key stake holders to start revising the SHSP.
- Emphasis Area Teams – work to share current trends and assure the next SHSP includes all necessary components
- Building a road map for the next five years of towards zero deaths in Maryland
