

Sustainable Purchasing Forum and Vendor Exposition

The Baltimore Metropolitan Council and Mid-Atlantic Purchasing Team are hosting the forum and exposition in the interest of sharing best practices in the area of sustainable purchasing, and environmentally friendly products that address your sustainability goals.

Panel discussions will be held with leading experts in sustainable purchasing matters including sustainable energy, terms and specifications, and making sustainability work in government.

In between sessions, you will have an opportunity to meet with green/sustainable vendors and network with your peers. *Lunch is provided.* Certificates of participation for CEUs will be provided upon request.
