			\$19,482					

*All projects are included in approved local plans and/or supported by the local government. Although some have been funded for study, none have received a full funding commitment.
 **Funding requested" reflects funds that will be needed during the coming fiscal year. "N" is not funded, "P" is partially funded.
 ***Known funding allocated in recent years. May not include previous funding for related but separate project on the same facility.
 ****May not include future costs for related but separate projects on the same facility.
 *****Costs are in FY 2012 dollars. Inflation may increase nominal total cost.
 *****No projects from the December 2008 list subsequently received full funding.
