

ITEM #6

TDM Software System Facebook integration

Facebook Quick Match App

Quick Match App

Designed to offer Facebook users another way to find potential partners.

Sends new users or current registrants directly to The Commuter Connections TDM System.

New Facebook Markup Language (FBML)

[Yes, they even have their own language...]

Allows for straight forward, forms based integration.

Share Form [X]

Form URL | **Facebook**

HTML Code | Share your form on Facebook:

HTML Editor | 1. Add [Static FBML](#) application to your Facebook account

Blog | 2. Copy and paste the following code to your FBML element on your Facebook page: (visit [our user guide](#) for more information)

Web Site Builder

```
<link type="text/css" rel="stylesheet" href="http://www.jotform.com/css/calendarview.css?v3.1.6">
<script type="text/javascript">
  var Facebook = {
    get: function(id) {
      return document.getElementById(id);
    },
    map: function(array, block) {
      results = [];
      for (var i = 0, l = array.length; i < l; i++) {
        results.push(block(array[i]));
      }
      return results;
    },
    domCollect: function(element, matcher) {
      var $this = this,
          collection = [];
      var recurse = function(subelement) {
        var nodes = subelement.getChildNodes();
        $this.map(nodes,
          function(node) {
            if (matcher(node)) {
```
