

The Transportation/Land-Use Connections Program

FY 2010 Project Recommendations

John Swanson

Presentation to the TPB

July 15, 2009

The Macro-Level: The TPB's Scenario Study

- Regional perspective
 - Land-use shifts
 - Public transit networks
 - Toll lanes
- Looking at “*what if*” not “*how to*”

The Micro-Level: The Devil's in the Details

- *“What about local traffic impacts?”*
- *“Public transit doesn’t serve community needs.”*
- *“Dense communities need to be walkable.”*

The TLC Program: Moving From “What If” to “How To”

Two components:

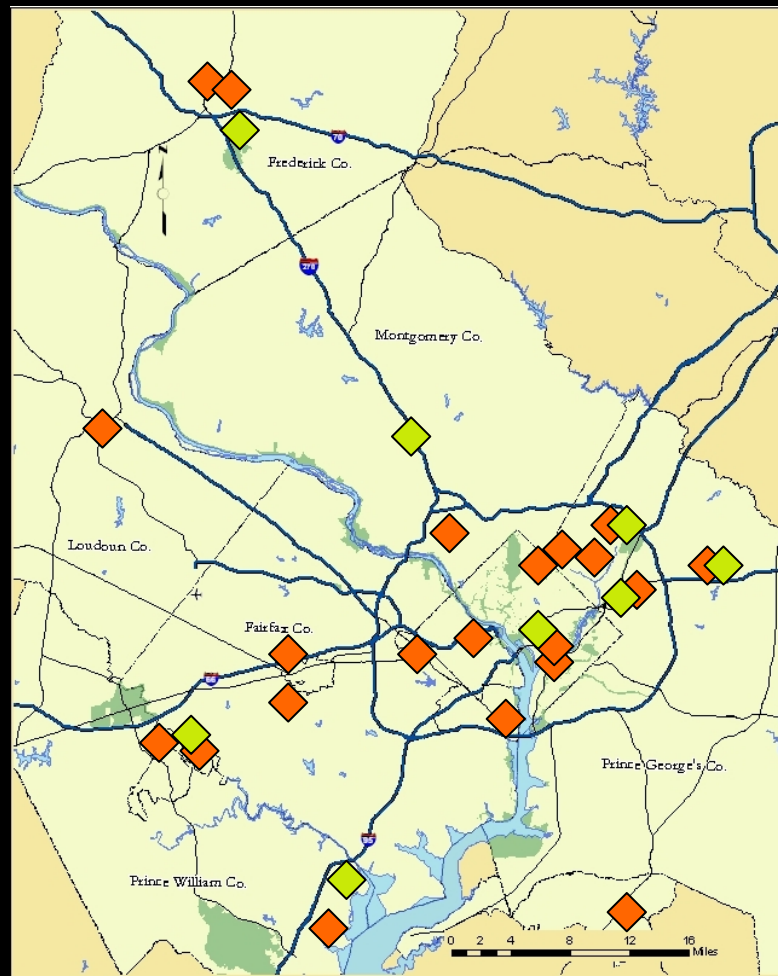

- **Regional Clearinghouse: www.mwcog.org/tlc**
- **Technical Assistance Program**
 - **Small-scale**
 - **Rapid-response**
 - **Available to local jurisdictions**

TLC Technical Assistance Summary

29 Technical Assistance Projects:

- 4 in the District
- 14 in Maryland
- 11 in Virginia

Projects address common challenges:

- TOD
- “Complete Streets”
- Parking
- Transit Enhancements & Expansions

This Round:

- **\$220,000 available from UPWP, plus \$100,000 from MDOT Technical Assistance funds**
- **Projects starting much earlier in the fiscal year**

TLC Project Selection Panel

- **Julia Koster, Chair (NCPC)**
- **Representatives from:**
 - **American Institute of Architects**
 - **National Capital Area Chapter of the American Planning Association**
 - **Institute of Transportation Engineers**
 - **Transportation Research Board**

FY 2010 Recommended Projects
