Visualize 2045 is the federally required long-range transportation plan for the National Capital Region. It identifies all regionally significant transportation investments planned through 2045 plus those not yet funded. It also provides detailed analysis to help decision-makers and the public “visualize” the future.

The National Capital Region Transportation Planning Board invites you to take a deeper dive into Visualize 2045 by attending one of our upcoming Open Houses, which will give you a chance to dig into the draft plan and learn about the region, major projects, and analysis.

Light refreshments will be served.
