

AGENDA
TPB CITIZENS ADVISORY COMMITTEE
Farrell Keough, 2009 CAC Chair

Thursday, January 14, 6:00 – 8:00 pm
Council of Governments, Training Center (Main Floor)
777 North Capitol Street, NE
Washington, DC 20002

- 6:00 – 6:05** **Introductions and New Business**
- 6:05 – 7:30** **Expert Panel on the Transportation Needs and Impacts of Facilities Affected by the Latest Round of Base Realignment & Closure (BRAC)**
- *Tom Fahrney, VDOT Commonwealth BRAC Coordinator*
 - *Andy Scott, MDOT, Special Assistant to the Secretary & BRAC Liaison*
- The CAC continues to be interested in learning how the region's transportation implementing agencies are working with the federal government to plan for BRAC impacts. As BRAC-related transportation projects are working their way into regional plans, questions remain about funding sources and whether or not sufficient transportation improvements can be made before employment shifts happen so that gridlock is not the short-term result. Topics will include: demographic shifts expected as a result of BRAC; cooperation between federal, state, and local levels on BRAC transportation impacts; the process for BRAC-related transportation project prioritization and implementation; and opportunities for public input in BRAC-related projects.
- 7:30 – 7:45** **Discussion of the CAC's End-of-Year Report**
- As required by the TPB's Participation Plan, the CAC every year submits an end-of-year report to the TPB, highlighting its key interests and activities from the previous year. A draft of the report will be circulated to the committee prior to the meeting. If necessary, the report will be finalized by email prior to the TPB meeting on January 20.
- 7:45 – 7:55** **Briefing on the TPB's Agenda for January 20**
- Ron Kirby, Director of COG's Department of Transportation Planning, will brief the committee on the upcoming TPB agenda.
- 7:55 – 8:00** **Other Business**
