University Park Elementary School Solar Dedication

Oct 19th at 1pm

The University Park Elementary School will become the first Prince George's County public school to host a rooftop solar array. The solar project is a partnership between the Town of University Park, Md. and the Prince George's County Public School System. Standard Solar, Inc., a Maryland-based company specializing in solar electric systems, is carried out the project.

Location: University Park Elementary School, 4315 Underwood Street, University Park 20782

Solar Power International

October 21-24, Chicago, Illinois USA

Solar Power International (SPI) is North America's premier business-to-business event for professionals in solar energy and related fields. SPI is powered by the Solar Energy Industries Association (SEIA) and Solar Electric Power Association (SEPA). Who should attend? Architects, builders, developers, engineering firms, and installers and contracts. [Info and Registration](#)
