The Honorable David Snyder, Chairman
National Capital Region Transportation Planning Board
Metropolitan Washington Council of Governments
777 North Capitol Street, N.E., Suite 300
Washington DC 20002-4290

Dear Chairman Snyder and members of the TPB:

The District Department of Transportation (DDOT) requests an amendment to the FY 2010-2015 Transportation Improvement Program (TIP). The purpose of this amendment is to authorize expenditure of an earmark awarded to the Georgetown Business Improvement District. Please make the following changes:

- Create a new project, Georgetown-Rosslyn Connector, for capital turnkey cost-of-contracting using Section 5309 funds.

The Georgetown Business Improvement District (Georgetown BID) will use these funds to contract for public transportation service on a turnkey basis for the Georgetown-Rosslyn Connector. This is a service contract where the contractor provides all vehicles, maintenance and transit services for the Georgetown-Rosslyn Connector. This funding comes from a FY2009 5309 Earmark, E2009-BUSP-890 in the amount of \$712,500.

This amendment is needed so that the earmark can be expended. The proposed project is not adding additional capacity for motorized vehicles and does not require conformity analysis or public review and comment. The funding source has been identified, and the TIP will remain fiscally constrained. Therefore, DDOT recommends that the TPB approve this amendment at its March 17, 2010 meeting. We appreciate your cooperation in this matter.

Should you have questions regarding this amendment, please contact either me at (202) 671-2542 or by e-mail at karina.ricks@dc.gov or Mark Rawlings at (202) 671-2234 or by e-mail at mark.rawlings@dc.gov.
