RE: National Capital Region FY 2017-2022 Transportation Improvement Program Amendments for the Northstar Boulevard Extension, Loudoun County, VA (UPC# 106994)

Dear Mr. Allen:

The Virginia Department of Transportation (VDOT) requests an amendment to the FY 2017-2022 Transportation Improvement Program (TIP) to add the Northstar Boulevard Extension in Loudoun County as a new project, and to add approximately \$2.56 million in State Revenue Sharing and local matching funding to Preliminary Engineering phase for FY 2018.

This project fills in a missing link in the Loudoun County road network, completing a 14-mile north-south corridor of statewide significance connecting Route 7 to Route 50. The road segment will be designed as a controlled access, four-lane divided roadway located within a proposed six-lane right-of-way including a shared-use path, sidewalks and two new bridges. Constructing this segment will enable improved north-south movements in eastern Loudoun County.

The Northstar Boulevard Extension is listed in the 2016 CLRP Air Quality Conformity Analysis. The requested amendment reflects the Virginia Commonwealth Transportation Board's latest approved cost estimates and obligations. The Revenue Sharing funding is consistent with the 2014 Financial Element of the CLRP. Loudoun County was recently awarded a \$25 million TIGER Grant for this project.
