Regional Tree Canopy Management Report  
– Suggested contents

## Regional Tree Canopy Management Report

Desired Outcome

After 1 year (or so), produce a document that answers the question if it is feasible to embark on an effort to generate and implement a Regional Tree Canopy Management Plan

**Regional Tree Canopy Management Plan**

Possible Content

- RTCW Charge
- Describe relation of RTCW to other regional goals and committees
- Quantify current and desired states of forests and urban tree canopy
- Recommend level of canopy change
- Quantify resulting benefits

**Regional Tree Canopy Management Plan**

Possible Content

- Describe current programs
  - Governmental, NGO, community
  - Estimate of resources and capacity
- Identify budget and resource needs
- Describe opportunities and challenges
- Recommend if a RCMP is feasible
- Provide supporting maps and datasets
