from David Anspacher to everyone: 1:59 PM

Here is a link to the Predictive Safety Analysis. https://montgomeryplanning.org/planning/transportation/vision-zero/predictive-safety-analysis/. An interactive map and report are included on the webpage.

from David Anspacher to everyone: 2:05 PM

Here is a link to the map: https://mcplanning.maps.arcgis.com/apps/instant/basic/index.html?appid=e098e5d417744973aee13cf3c97fa3b1

from David Anspacher to everyone: 2:06 PM

It shows the top 50 and top 200 locations for each crash type.

from Mackenzie Love - NVTA to everyone: 2:08 PM

Are these tables historic data or predicted crashes?

from David Anspacher to everyone: 2:08 PM

These are predicted.

from Mackenzie Love - NVTA to everyone: 2:09 PM

Thank you, David!

from George Branyan to everyone: 2:13 PM

Are PHBs included in Traffic Signals?

from Jesse McGowan to everyone: 2:22 PM

Just as a quick note to Mackenzie's question in the chat - the tables we showed are actually what are referred to as the Empirical Bayes crashes - it is a mix of historic and predicted.

from George Branyan to everyone: 2:23 PM

Great analysis! Thanks!

from Marty Baker to everyone: 2:39 PM

If not already mentioned - we have a MD Bike Ped Advisory Committee meeting this Friday at MDOT. Agenda is on our site: https://www.mdot.maryland.gov/tso/pages/index.aspx?PageId=140
