AGENDA

Lunch will be available at 12:15 PM

- 1. Introductions and Review of Meeting Notes from June 30, 2014 (12:30 – 12:35)**
- 2. Presentation on Report on DC Traffic Safety Statistics (12:35 - 1:05)**
James Cheeks, DDOT
Mr. Cheeks will present the findings of a report that compiles crash statistics and analyses for roadways in the District of Columbia between 2010 and 2012. The data is critical for identifying safety problems and trends, as well as for determining the level of success in achieving DDOT's highway safety goals.
- 3. Presentation on DDOT Experience with HAWK Signals (1:05 - 1:35)**
George Branyan, DDOT
HAWK signals stop vehicles to allow protected pedestrian crossings when activated. Although considered experimental until only recently, they have been installed in several jurisdictions around the region. Mr. Branyan will present on DDOT's experience with HAWK signals.
- 4. Presentation and Discussion of 2013 Crash Data (1:35 – 1:55)**
Marco Trigueros, COG/TPB
The subcommittee will have a chance to review and discuss 2013 crash data. The discussion will include a timeline for the introduction of new data as required by MAP-21 regulations and the mapping of FARS data. The FARS database provides a comprehensive database of fatality crashes that includes location information. The subcommittee will be able to discuss what should be illustrated in these maps.
