Dear Chairman York:

The Maryland Department of Transportation (MDOT) requests multiple amendments to the State Highway Administration (SHA) portion of the National Capital Region Transportation Planning Board (TPB) FY 2013-2018 Transportation Improvement Program (TIP) as described in the attached memo. The amendments are needed to reflect additional funding that has been programmed for several projects in the National Capital Region. These projects are either exempt from the requirement to determine conformity or have been included in the currently approved air quality conformity analysis. A portion of these funds have been made available due to the annual update of the MDOT budget, called the Consolidated Transportation Program (CTP). The current CTP (FY 2013-2018) was approved by the legislature in April 2013. The remainder of the funds has been made available by the Maryland Transportation Infrastructure Improvement Act of 2013.

MDOT requests that this amendment be released for a 30 day public comment period, be placed on the June 19, 2013 TPB agenda as a Notice Item, and be placed on the July 17, 2013 TPB agenda for approval.

The revised funding status will not impact scheduling or funding availability for other projects in the current TIP, which continues to be fiscally constrained. The cost does not affect the portion of the federal funding which was programmed for transit, or any allocations of state aid in lieu of federal aid to local jurisdictions.

We appreciate your cooperation in this matter. If you have any questions or comments, please do not hesitate to contact Ms. Lyn Erickson, at 410-865-1279, toll-free at 888-713-1414 or via email at lerickson@mdot.state.md.us. Of course, please feel free to contact me directly.

SUBJECT: Amendment Request to the Fiscal Year (FY) 2013 Transportation Improvement Program (TIP) for the National Capital Region

The State Highway Administration (SHA) hereby requests to amend the FY 2013 TIP. The amendment is needed to reflect additional funding that has been programmed in the National Capital Region, as summarized in the table on the following pages and detailed in the attached TIP sheets.

A portion of these funds have been made available due to the annual update of the Maryland Department of Transportation's (MDOT) Consolidated Transportation Program (CTP). The current CTP (FY 2013-2018) was approved by the State legislature in April 2013, subsequent to the adoption of the FY 2013 TIP. This amendment updates the FY 2014 – FY 2016 cash flows for System Preservation Projects in the current TIP such that they reflect the new CTP.

The remainder of the funds has been made available by the Maryland Transportation Infrastructure Improvement Act of 2013. The MDOT is focusing on short-term and long-term strategies for building and restoring our transportation system, beginning with short-term priorities and key investments delayed by the recession. The MDOT's priorities for evaluating short-term investments include: safety and system preservation projects, public transportation, the quality of our environment, and the movement of cargo and freight.
