Term	LSA Definition
Household Served	One or more clients served together in one or more continuum ES, SH, TH, RRH, and/or PSH projects at any time during the report period (or appropriate exit cohort period). Each household has a head of household and a distinct household type based on the ages of each household member.
	 Heads of household served in multiple household types represent multiple households. For example, if Bob is served alone at age 17 at the beginning of the report period and also has a later enrollment at age 18, a total of two households are counted: one Child Only household and one Adult Only household. At least one household is counted for each client designated as a head of household. For example, if Anna and Charles, both adults, are served together with one enrollment with Anna as the designated head of household and another with Charles as the designated head of household, a total of two Adult Only households are counted: one represented by Anna and one represented
Person Served	by Charles. A client served in one or more continuum ES, SH, TH, RRH, and/or PSH projects at any time during the report
Adult Only Household (AO)	period. A household in which all household members have valid dates of birth and are age 18 or older at entry or expect start, which are is later.
Adult and Child Household (AC)	report start, whichever is later. A household in which at least one household member is age 18 or older and at least one household member is age 17 or younger at entry or report start, whichever is later. AC households must include at least one adult and one child with valid dates of birth, but may also include household members of unknown age.
Child Only Household (CO)	A household in which all household members have valid dates of birth and are age 17 or younger at entry or report start, whichever is later.
Cohort	A group of clients who meet the criteria for inclusion in reporting in a specific timeframe. See also "Exit Cohorts."
Continuous (in reference to a	A period in which relevant system use for a given client is documented in HMIS and is uninterrupted by any
period of homelessness or	period of seven or more contiguous days of a permanently housed situation, no documented system use, or
enrollment)	a combination of those.
Enrollment	A period in which a person receives services from a given project, beginning with the <i>Project Start Date</i> recorded in HMIS and ending on the <i>Project Exit Date</i> .
Emergency Shelter, Safe Haven, and Transitional Housing (ES/SH/TH)	Residential project types in which all clients are homeless while enrolled. Demographics for clients served in these three project types are reported in the combined ES/SH/TH project group.
Exit Cohorts	Groups of households who exited from a continuum SO, ES, SH, TH, RRH, and/or PSH project in a given exit cohort period and have no record of any enrollment in an ES, SH, TH, RRH, and/or PSH project during the following 14 days. There are three exit cohort periods – and thus three exit cohorts – included in the LSA. Households that meet the criteria for inclusion in multiple exit cohorts are counted in each.
PSH	 Permanent supportive housing for formerly homeless people. PSH clients who are homeless at project entry based on 3.917 Living Situation are considered to be experiencing homelessness until a documented 3.20 Housing Move-In Date or exit, whichever comes first. For clients who were in ES/SH or on the street at project entry, all time between Approximate Date Started and move-in is counted in determining chronic homelessness. A client may not be counted as experiencing homeless on any date between PSH move-in and the day prior to exit, regardless of other data.
Report Period	The time between the report start date and report end date report parameters. For official HUD submissions, the report period must be October 1 to September30 of the following year. The report period determines which clients to include in the current cohort (those served in a project during the report period) and exit cohorts (those served in prior periods, whose returns are reported).
Project group	ES, SH, and TH (combined), RRH (only), and PSH (only). Demographics reporting for the active cohort is produced separately for each of these three project groups. People and households served in more than one project group are included in reporting for each group in which they were served.

rm	LSA Definition
oid Re-housing (RRH)	Rapid Re-Housing projects.
	 RRH clients who are homeless at project entry based on 3.917 Living Situation are considered to be experiencing homelessness until a documented 3.20 Housing Move-In Date or exit, whichever comes first. For clients who were in ES/SH or on the street at project entry, all time between <i>Approximate Date Started</i> and move-in is counted in determining chronic homelessness. A client may not be counted as experiencing homeless on any date between RRH move-in and the street at project entry and the between RRH move-in and the street at project on the street of the street at project between RRH move-in and the street at project on any date between RRH move-in and the street at project on the street between RRH move-in and the street between RRH m
	the day prior to exit, regardless of other data.
pulation	People in households with one or more members who have specific characteristics that may indicate that th household has needs and/or eligibility for services that differ from the broader homeless population. The LS summary and full datasets include population-specific output for the following:
Unaccompanied Young Adult Household, 18-21	An AO household in which the oldest adult in the household is between 18 and 21 at entry or report start, whichever is later.
Unaccompanied Young Adult Household, 22-24	An AO household in which the oldest adult in the household is between 22 and 24 at entry or report start, whichever is later.
Unaccompanied Young Adult Household, 18-24	An AO household in which the oldest adult in the household is between 28 and 24 at entry or report start, whichever is later.
Unaccompanied Child Household	A CO household in which no member has a Relationship to Head of Household of 'Head of household's child
Parenting Young Adult Household	An AC household in which the oldest adult in the household is between 18 and 24 AND at least one member has a Relationship to Head of Household of 'Head of household's child.'
Parenting Child Household	A CO household in which at least one member has a Relationship to Head of Household of 'Head of household's child.'
Veteran Household	An AO or AC household in which any member of the household has a Veteran Status of 'Yes.'
Chronically Homeless Household	An AO, CO, or AC household in which the head of household or any adult in the household was identified as chronically homeless based on HMIS enrollments and self-reported time on the street or in ES/SH in the thru years prior to their last active date in the report period
Disabled Household	An AO, CO, or AC household in which the head of household or any adult in the household has a 'Yes' response to <i>Disabling Condition</i> associated with any enrollment active in the report period.
Household Currently	An AO, CO, or AC household in which head of household or any adult in the household has a 'Yes' response
Fleeing Domestic	to Domestic Violence Victim/Survivor and a 'Yes' response to Are you currently fleeing ? associated with any
Violence (DV)	enrollment active in the report period.
Seniors/55+ Households	An AO household in which all adults in the household are 55 or older at entry or report start, whichever is later.
Households w 3+	An AC household in which at least three household members have valid dates of birth and are age 17 or
children	younger.
First-time homeless	An AO, CO, or AC household that entered a continuum ES, SH, TH, RRH, or PSH project during the report period and was not enrolled in such projects at any point in the two years prior to entry.
Returners	An AO, CO, or AC household that entered a continuum ES, SH, TH, RRH, or PSH project during the report period and has a record of a previous exit to a permanent destination from a continuum ES, SH, TH, RRH, or PSH project in the 15-730 days prior to enrollment.
